Installation Instructions for Model 2020 Console Safe

- It is a good idea to set the combination before you install the safe, and do it with the door open.
- Clear the contents out of the compartment.
- Remove the pad in the bottom of the console.
- Remove the two bolts that hold the console down to the floor
- Place the safe in the console and place the stainless steel handle shaped bracket in the cut outs in the floor of the safe
- Replace the bolts through the bracket.
- Take the two filler panels and attach to the safe with the double sided tape.
- Enjoy your purchase.
