INTERNATIONAL FORTRESS TL-30X6

Six-sided composite protection plus 2-hour fire protection

- **Six-sided Composite Protection**
  Revolutionary ceramic matrix material with steel layers on six sides resists all forms of attack

- **Boltwork**
  Massive 1.5" chrome plated bolts automatically extend with closed door

- **Door and Body**
  Inner and outer layers of electrically welded steel combine with composite material for superior burglary protection

- **Locks**
  Includes dual Underwriters Laboratories Group 2M combination locks that relock during an attack; optional high security keylocks or electronic combination locks can be added

- **2-Hour Fire Protection**
  Independent laboratory tested at temperatures up to 1850°F for a period of 2 hours. Interior temperatures did not exceed 350°F.
