

LOCK'ER[®] DOWN

Security Products INSTALLATION INSTRUCTIONS

LD2044/LD2044EX

[2015-2020 Cadillac Escalade]

1. For any combination style lock, it is a good idea to set the combination before installing the safe. We recommend that the combination be set with the **DOOR OPEN** in order to test the lock combination effectively without locking yourself out.
2. Clear out the contents of the center console for now, including the factory mat at the bottom of the console.
3. Remove the neoprene padding from the inside of the safe for now.
4. Set the safe into the center console.
5. Secure the safe to the console compartment using the **LOCK'ER DOWN PROVIDED SELF TAPING SCREWS**, securing the screws through the **2** holes at the bottom of the safe.
6. Tighten the screws, **DO NOT OVER TIGHTEN, THIS COULD DAMAGE THE CONSOLE.**
7. Re-insert the padding that was removed from the safe before installation.
8. Enjoy your purchase!
