

LOCK'ER[®] DOWN

INSTALLATION INSTRUCTIONS

LD2055/LD2055EX

[2015-2022 Ford F150 with split bench, and 2017-2022 Ford Super Duty with split bench]

1. For any combination style lock, it is a good idea to set the combination before installing the safe. We recommend that the combination be set with the **DOOR OPEN** in order to test the lock combination effectively without locking yourself out.
2. Clear out the contents of the center console for now.
3. Remove the neoprene padding from the inside of the safe for now.
4. Set the safe into the center console.
 - a. To ensure that the safe is inserted correctly, make sure that the lock is on the forward end of the console compartment.
 - b. Once the safe is in the console compartment, pre-drill pilot holes in the same spots as the factory cut holes in the safe.
5. Secure the safe to the console compartment using the **SELF TAPPING SCREWS** provided by **LOCK'ER DOWN** where the pilot holes were drilled in **Step 4.b**.
6. Tighten the screws, **DO NOT OVER TIGHTEN, THIS COULD DAMAGE THE CONSOLE.**
7. Re-insert the neoprene padding that was removed from the safe before installation.
8. Enjoy your purchase!

Tools Needed:

- **DRILL** and **SCREWDRIVER**
- 1/8" Drill Bit

Contents Included: 4 Self-Tapping Screws
