

NOMADIC COOLING CO.

48V | 24V | 12V

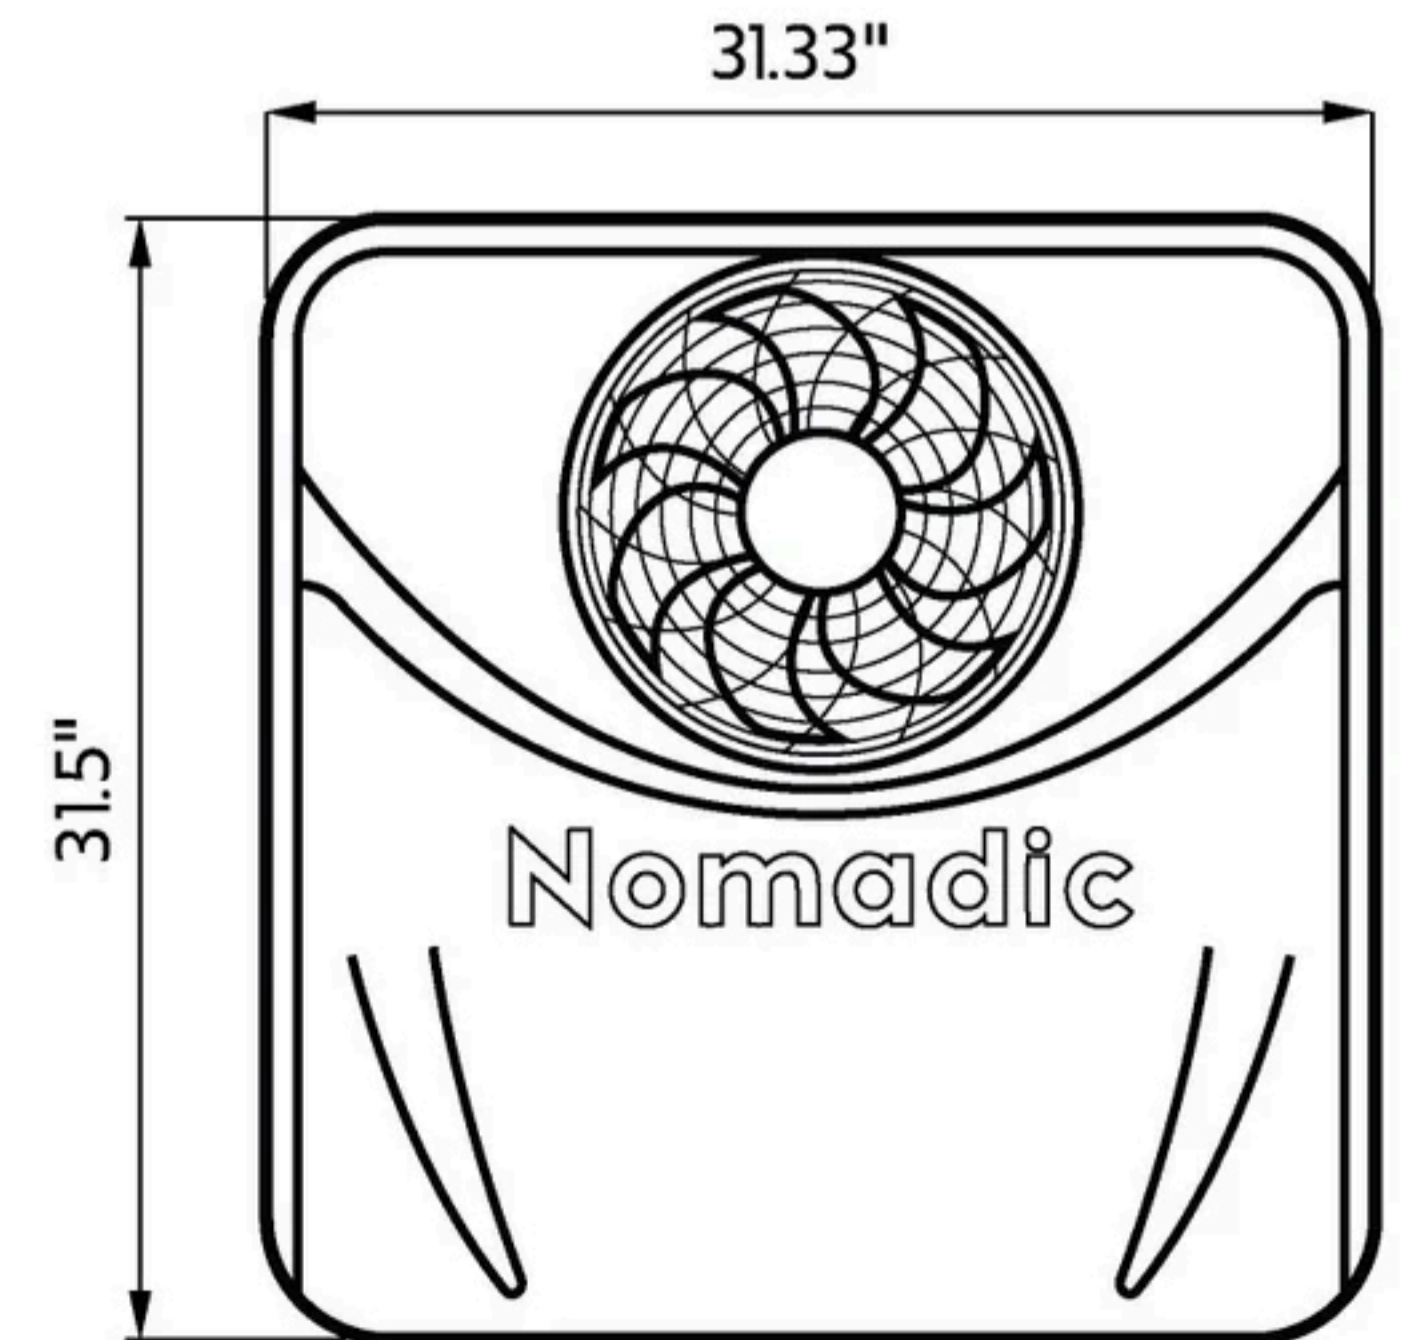

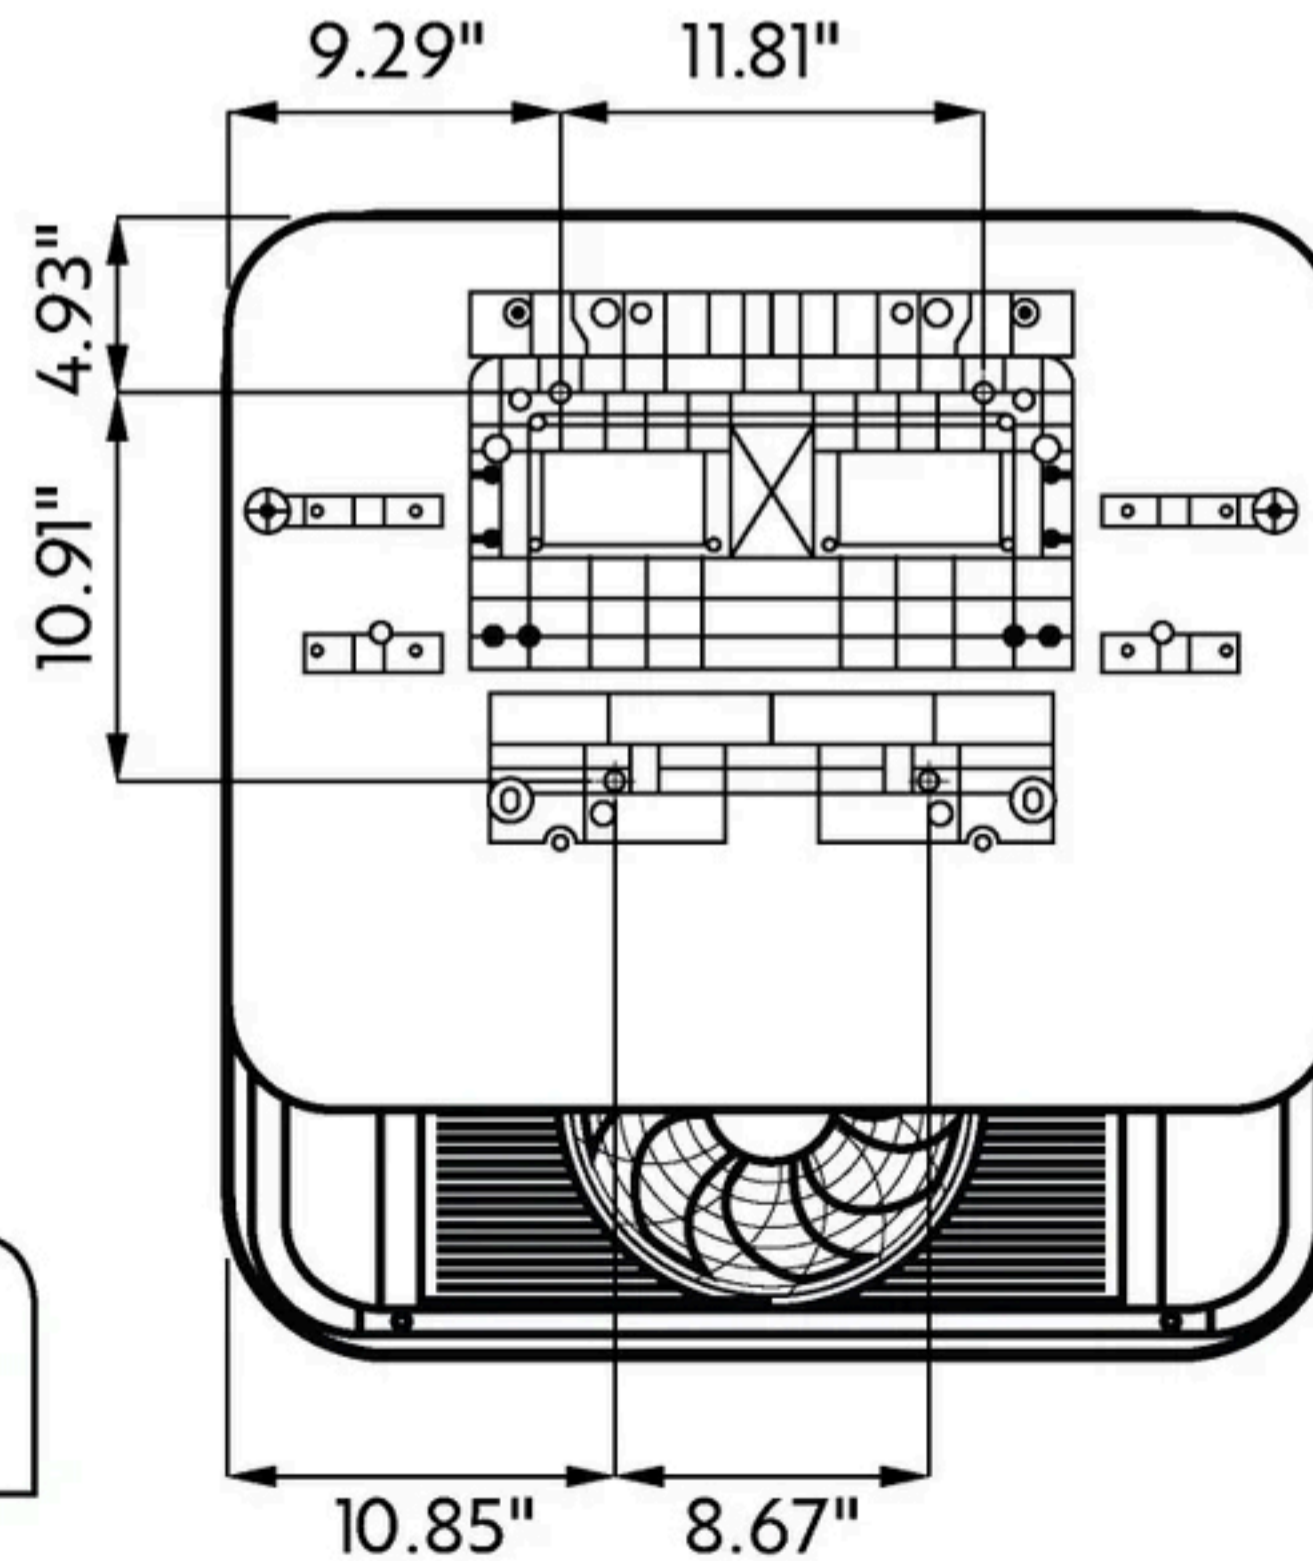

Available with a 48V, 24V or 12V compressor, the Nomadic Cooling X³ is the go-to cooling system for explorers and adventurers. Like its predecessors, the X³ is a stand-alone air conditioner that does not need to be connected to the engine or shore power to operate, providing the freedom of true off-grid living.
