

# Janisource V20 Commercial Wet/Dry Tank Vacuum

## Small to Large Area Vacuum

The Janisource V20, 20 gallon tank vacuum is built for years of trouble-free service. Ideal for recovery of liquid and solid wastes in all size cleaning jobs.

Rugged and durable for the professional cleaning market. Non-corrosive tank with large 12.5" top access makes dump and discard easy. Empty larger flowing liquid wastes with the 1.5" hose included. Available with optional front mount squeegee for improved performance.

### Power

- 2 HP, 2-stage heavy duty bypass motor
- 110V (230V optional)
- 35 ft., (16-3) 2-piece commercial with cord lock

### Engineered Design

- Non-corrosive tank with large 12.5" top access
- Tank is sized to hold a 5 gallon pail
- Large 5" rear wheels and strong 3" front casters
- Powder-coated steel handle and carriage
- An automatic liquid shut-off prevents motor flooding
- Includes 15 ft. flexible vacuum hose
- Includes wet/dry tool kit
- Includes washable synthetic cloth dust bag
- Optional 30" front-mount squeegee (#90000002)

### Safety Features

- Quiet operation - 68 dB. Meets GS42 requirements
- 1.5" quick drop drain hose prevents need for lifting
- UL / CUL listed components for safe performance
