## Foaming Hand Sanitizer

### DESCRIPTION

Foaming Alcohol Hand Sanitizer is an effective and convenient way to sanitize hands in situations where water is not available. Foaming Alcohol Hand Sanitizer kills 99.9% of ten important organisms in less than 15 seconds and contains emollients to reduce drying associated with alcohol sanitizing products.

### DIRECTIONS

To decrease bacteria on skin, apply small amount to palm. Briskly rub, covering hands with product until dry.
