JANISOURCE for HEALTHCARE

BECAUSE CLEAN HOSPITALS KEEP
PATIENTS SAFE & HEALTHY

Your dedicated
janitorial team in

CLEANING & SAFETY

You know as well as we do that clean medical facilities keep patients and staff safe and healthy. Providing solutions that help keep everything clean for you and your patients is what makes JaniSource a janitorial leader.

We understand your need for a simplified cleaning process for your janitorial team. As well as the importance of quality products that decrease hospital acquired infections. With JaniSource, cleaning your hospital will be easy as 1 2 3...

1 ViruScrub®

Disinfectant, Mildewstat,
Fungicide, Virucide*

Our super concentrated medical grade cleaner, disinfectant, and deodorizer.

Designed with healthcare in mind, ViruScrub was developed for use around patients, to be tough on germs, and efficient on your budget.

2 AcryliWax® 25 High Gloss Floor Finish

Our HIGH GLOSS, HIGH TRAFFIC floor finish

People say a shiny floor is a clean floor and a glossy shine is what you get with Acryliwax 25. It spreads easily, quickly and completely, leaving you with a "wet look" gloss. Maintenance is so easy. You just need to mop with mild detergents. Rest assure that every inch of your floors at your medical facility will shine.

3 NeutraMax® LAVENDER SCENT Concentrated Neutral Floor Cleaner

Because we don't want anyone to use the wrong product leading to a poor job, we have Neutramax - our concentrated neutral PH cleaner.

Neutramax is safe for varnished wood, rubber, steel, tile, sheet vinyl, leather, and more! Though meant for floors, it is versatile enough to handle walls, mirrors, and upholstery.
