Blitz[®] Solv is a multi-purpose butyl cleaner that can handle tough jobs without staining or ruining soft metals like aluminum or brass. Biodegradable and phosphate-free, Blitz[®] Solv removes heavy deposits of grease, oil, wax and more. Blitz[®] Solv is the best choice if you need to remove grease or clean grease on a regular basis, especially from softer metals. Because Blitz[®] Solv is gentle on soft metals, it is the ideal choice for grease removal in commercial kitchens and to clean grease off sensitive machinery. Cleaning grease has never been easier! With Blitz[®] Solv, restoring your equipment and surfaces to their pristine original state is a breeze. Get Blitz[®] Solv, the tough degreaser, today.

DIRECTIONS

Dilute product before using:

PLASTICS AND FORMICA: Use 10 oz. per each gallon of water.

GENERAL DEGREASING: Use 16 oz. per each gallon of water.

HEAVY GREASE/OIL CARBON AND INK REMOVAL: Use 32 oz. per each gallon of water.

WHITEWALL TIRES, OVENS, GRILLS, UTENSILS, AND HOOD CLEANING:

Apply full strength. Apply by mop, sprayer, sponge or automatic scrubber to surface to be cleaned and allow to stand for several minutes. For heavier soil, agitate briskly with a brush or aggressive pad. For normal soil, allow the product to do the work. Wipe clean with a moist rag, sponge or pick up with a wet-vac or mop. Where applicable; rinse thoroughly with water. Avoid contact with windows or other glass surfaces. These directions are flexible rather than specific. In many cases a more dilute solution can be used, while for extreme conditions a less dilute solution may be used. This product meets the maximum content requirements for Volatile Organic Compounds (VOCs) as established by State and Federal regulations.
