

PROFESSIONAL VACUUMS

TIP & POUR SERIES

Available in 1 and 2 motor vacuums.

The Tip & Pour Series vacuums are general purpose vacuums for wet application with the added productivity of automatic discharge. These vacuums can be used for general cleaning or to collect dust produced from grinding tools. These vacuums are commonly used in schools, manufacturing, offices and construction environments.

TIP & POUR SERIES

The tip & pour series of vacuums are general purpose vacuums that can be used in wet or dry applications and include HEPA critical filtration. They can be used for general cleaning or to collect dust from produced from grinding tools. This series is commonly used in schools, manufacturing, offices and construction environments.

The Tip & Pour series makes dumping easier with its convenient tip and pour design. They are made up of durable polyethylene tanks that won't dent or chip, or chemical resistant tanks that won't crack or corrode. Both models are also available in wet/ dry and HEPA critical filters.
