

ASSEMBLY GUIDE

APPROXIMATE TIME:
10 minutes. 2 PPL pls.

STEP BY STEP:

Next Page 

STEP 1: Note two marking on bottom of table top. You will see "I" and "II" these correspond to markings on the pegs of the table leg sections.

STEP 2: Find the table leg section with peg marked "I" it will be visible as an unpainted tip.

STEP 3: Align table leg section with peg marked "I" with table-top hole marked "I" and insert section into table top.

STEP 4: Holding the previous table leg section in the table-top, find the second table leg section with peg marked "II." It will be visible as an unpainted tip.

STEP 5: Align table leg section with peg marked "II" to table-top hole marked "II." Carefully insert cross section so that all pegs align. There is a center peg that inserts into the previous leg attached to the table-top.

STEP 6: Table is now ready to be inverted. **MAKE SURE TO HOLD BOTH THE BASE AND THE TOP SO THEY DON'T FALL APART!!!** It is recommended that you do this with at least another person to assist as it is heavy.
