

## 유령 TOILET PAPER HOLDER

유령 means ghost which inspired these shapes. Mounts on a wall, and has a little shelf for your phone while you take care of business. Toilet roll sits on center dowel, held in place with a screw on cap. Mounts via keyhole brackets on the back. Depending on orientation you ordered 'R' vs 'L' the peg without cap (for tearing paper) will be closer to you from POV of sitting on toilet.

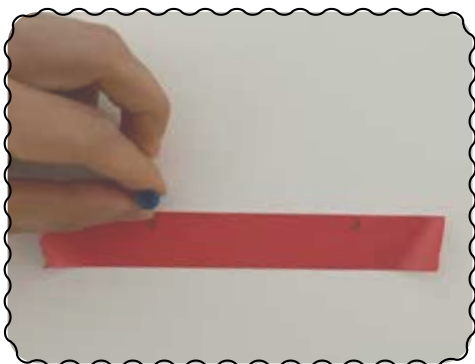

### INSTALL GUIDE:

1. apply tape to back by key hole brackets mark where the key holes are.

4. When screwing, leave a little room so the screw head can slot into bracket

3. put tape against wall and drill hole for anchor into wall.

5. mount onto screw, make sure there isnt too much play. If there is tighten screw a little bit. Mount again. Do this until it is snug.
