

Simple weekly routine

Pool upkeep doesn't have to take a ton of time. With these simple solutions for new (and experienced) pool owners, you can keep everything clear with HTH®.

Balance

Sanitize

Test & Balance 2x Weekly

Use [HTH® 6-Way Test Strips](#) and balance your pool water as directed to prevent itchy eyes and skin and help sanitizers work effectively.

Sanitize 1x Weekly

Kills germs and prevents algae to keep pool water clean and clear.

Shock

Prevent Algae

Shock 1x Weekly

Use weekly to solve 90% of pool water problems within 24 hours.

Prevent Algae 1x Weekly

Kills green, black or mustard algae and prevents green slimy water.

Remember to

Always read product label directions prior to using and use only as directed

Always add chemicals to water, never the other way around

Never add chemicals to water when people are in the pool

Never mix products together

Always store pool products in a cool, dry location and out of direct sunlight
