Introduction

1. Intex Technologies (India) Ltd. ("Intex") https://www.intex.in/ has partnered with Re-chakra solely and developed an internal standard procedure for collection and proper recycling of e-waste abiding all aspects of the E-Waste (Management) Rules, 2016 and its amendments.

Below are the details related to disposal of E-waste material. For E-waste queries details of all collection points etc. on our website to educate the consumer on e-waste and methods of disposal on reaching the EoL of products.

2. Where and how can you learn more about your E-Waste?

E-waste awareness details have been included in all product packaging and manuals to spread consumer awareness. If they want to deposit their End of life product for recycling then they can call on the toll free numbers and deposit their End of life product at the nearest E-waste collection point/centre.

For any queries related to e-waste management, please reach out to our authorized Recyclers.

Re-Chakra Waste Management LLP

Sector -6 Plot No-18

Faridabad (Haryana)

Toll free number - 1800-8913-607

Website- re-chakra.com//

3. Frequency of Awareness plan:

To spread awareness about e-waste, we plan yearly on executing as per the below-mentioned planner.

a). Toll-Free Service:

Toll-free service for queries related to our products, e-waste management policies or arrange e-waste pick up. Toll free number - 1800-8913-607

b). Brief Description of scheme of collection

- For the collection, we have made an Internal training Module to create/spread awareness across all internal and external consumers and even to our vendors/partners, dealers PAN India.
- We have collection points meant for collection of material from end users and channelize the same to our E-waste management partner.
- We have installed E-waste drop boxes at all our service centres/collection points across India and have partnered with Re-chakra Waste Management LLP for dispose of E-waste.
- Promotional posters on E-waste awareness have been circulated to all service centres PAN india in English, Hindi and 7 other regional languages such as Marathi, Gujarati, Bengali, Telugu, Malyalam, Tamil and Kannada.
- We have collectively developed the PAN-India collection mechanism along with our appointed Recycler and Collection Centre to fulfil our Extended Producer Responsibility (EPR) compliance.
- We shall encourage our end users to deposit any of their old products (irrespective of brand).
- We propose to regularly conduct awareness drives at all our offices and provide proper training to employees on the various aspects of E-waste disposal, handling and recycling as per yearly planner.

Television sets, including sets based on (Liquid Crystal Display and Light Emitting Diode technology) - (CEEW 1),

Refrigerators - (CEEW 2)

Washing Machines - (CEEW 3),

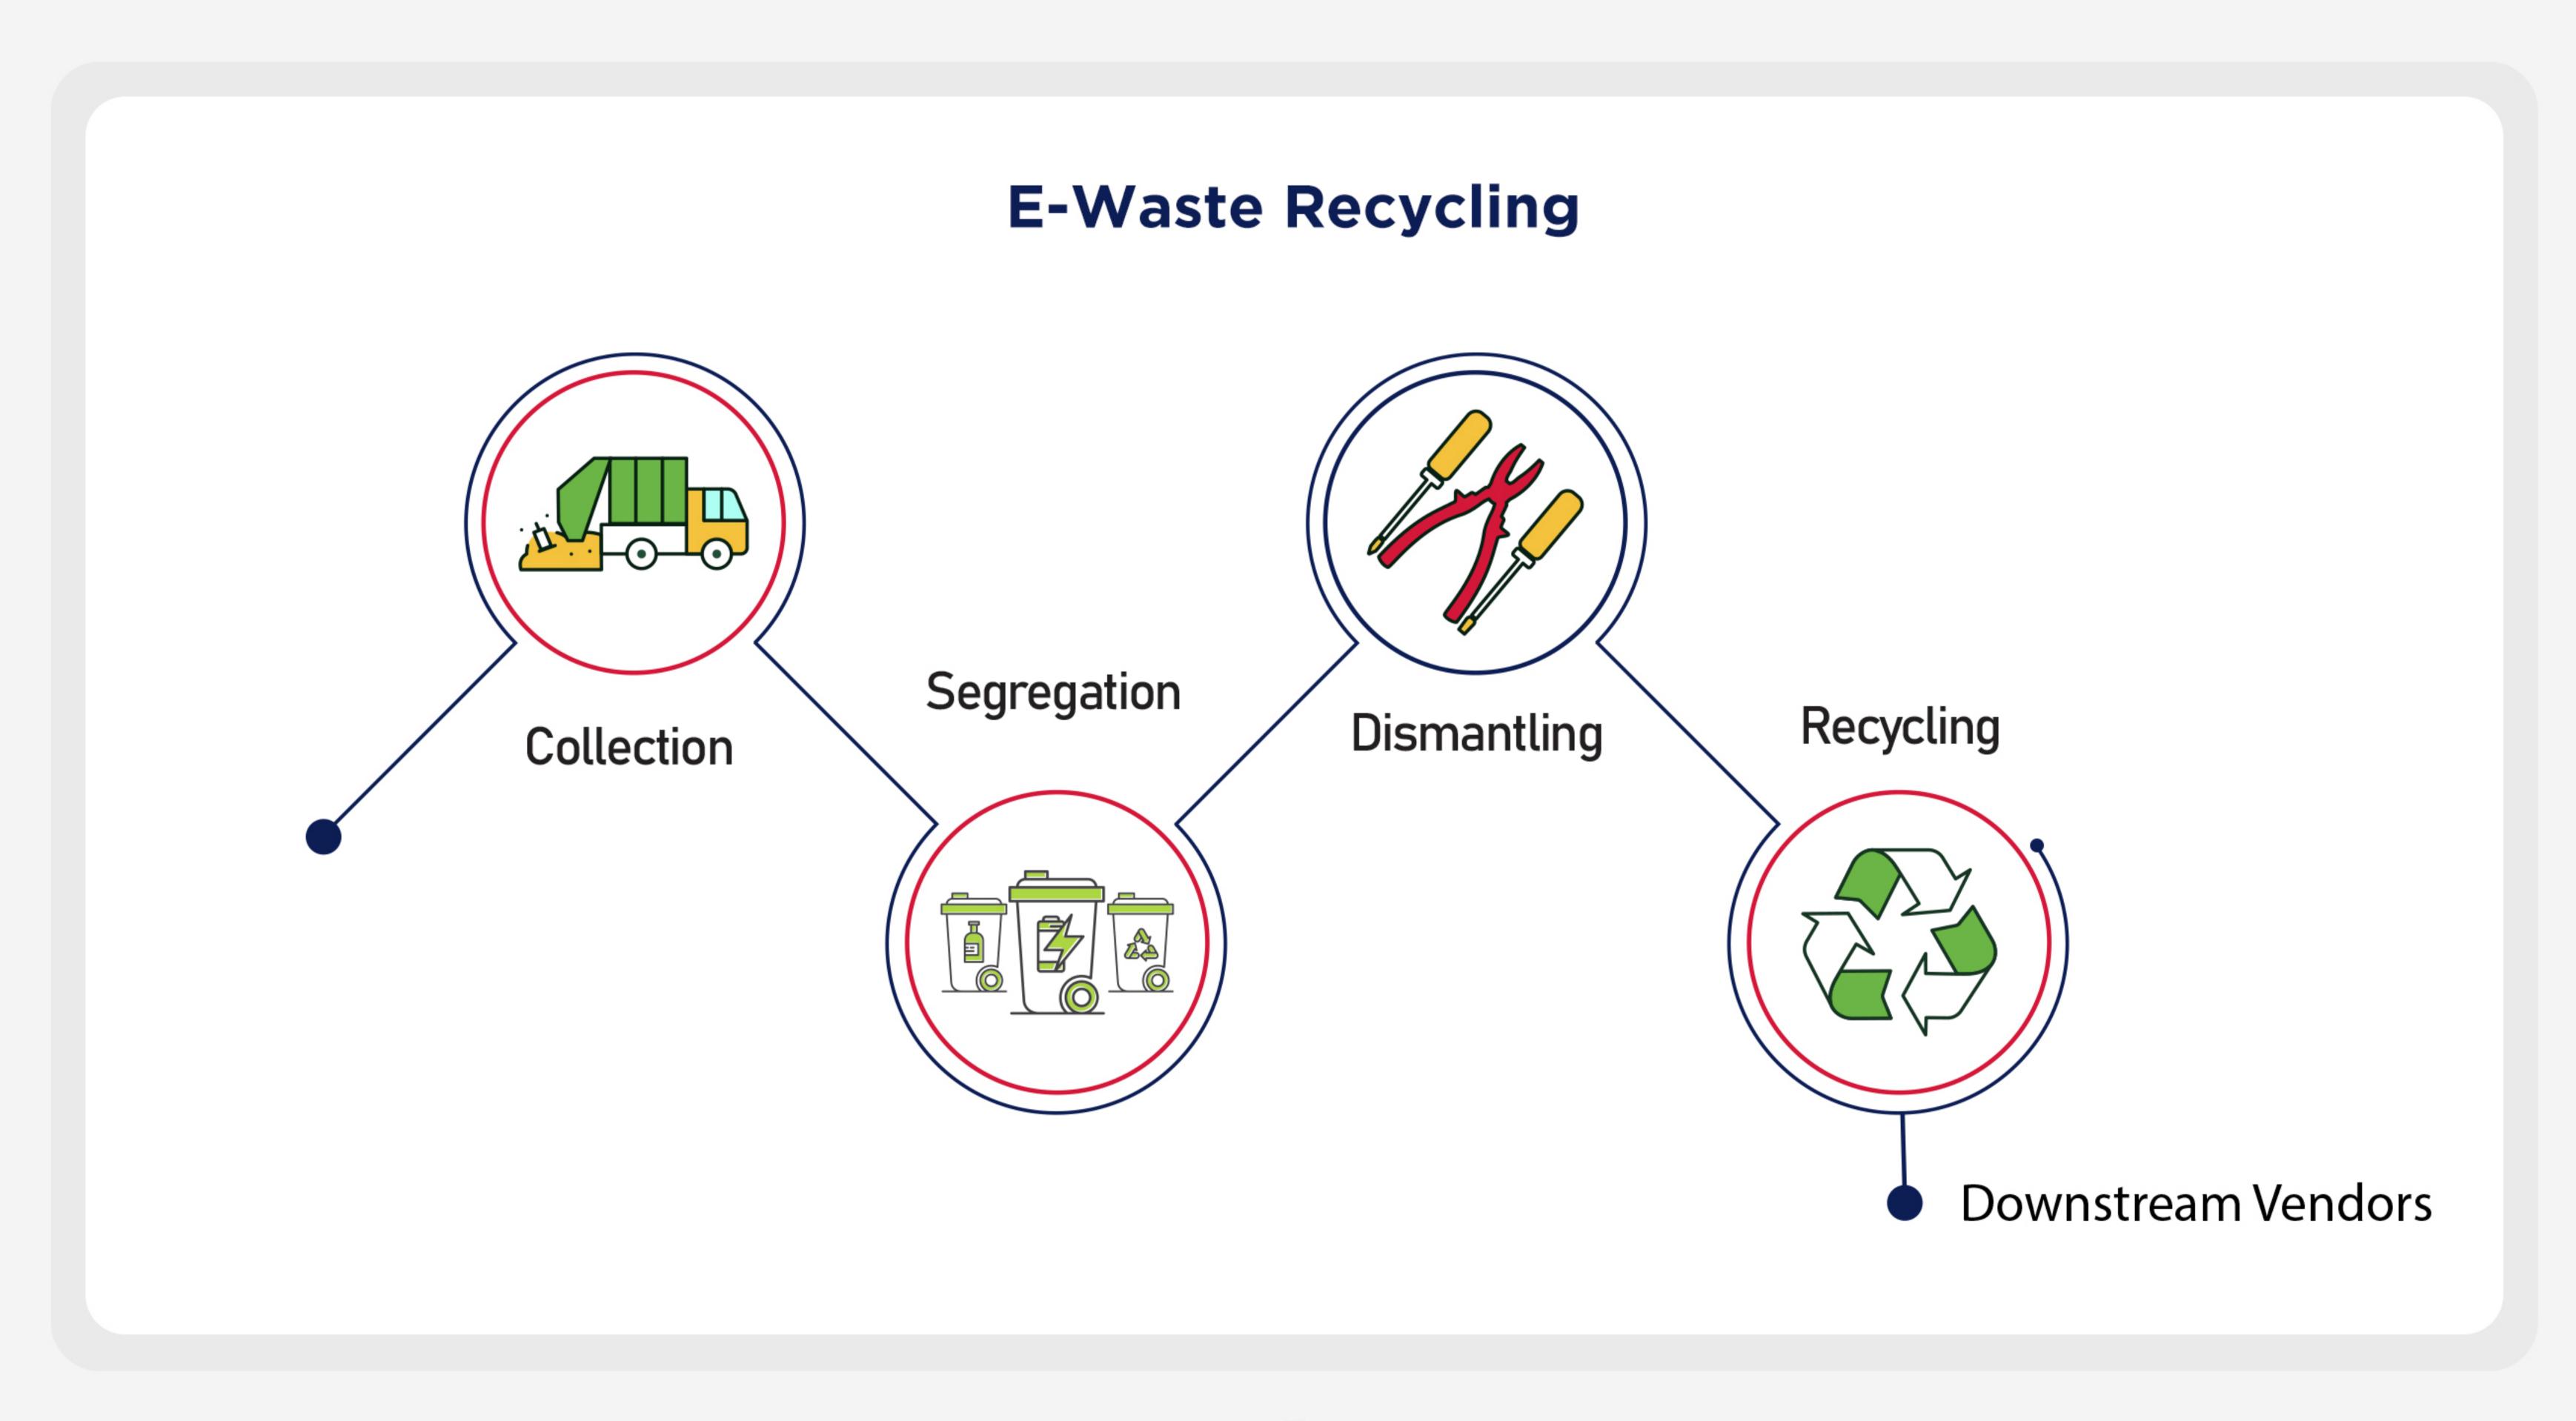

Air-conditioners excluding centralised air conditioning plants - (CEEW 4)

EPR Programmes and Collection Channels

Recycler on behalf of Producer Intex has been setting up multiple channels for collection of e-waste across India. The e-waste is collected via these channels by the collections centres on behalf of its producers and collection arranged to be transported by its Logistics Service Providers (LSPs) to authorized recyclers/dismantlers. The collected e-waste is allocated to the authorised (Re-Chakra) recycler for recycling.

The collection scheme of the Collection Centre focuses on the following programmes:

Bulk Consumer Programme

The objective of the Bulk Consumer Programme is to provide a responsible e-waste management solution to bulk consumers in India. The programme serves the e-waste management needs of offices, government institutions, schools, universities, hospitals, hotels, retailers, banks, or any other organizations.

Waste Collector Programme

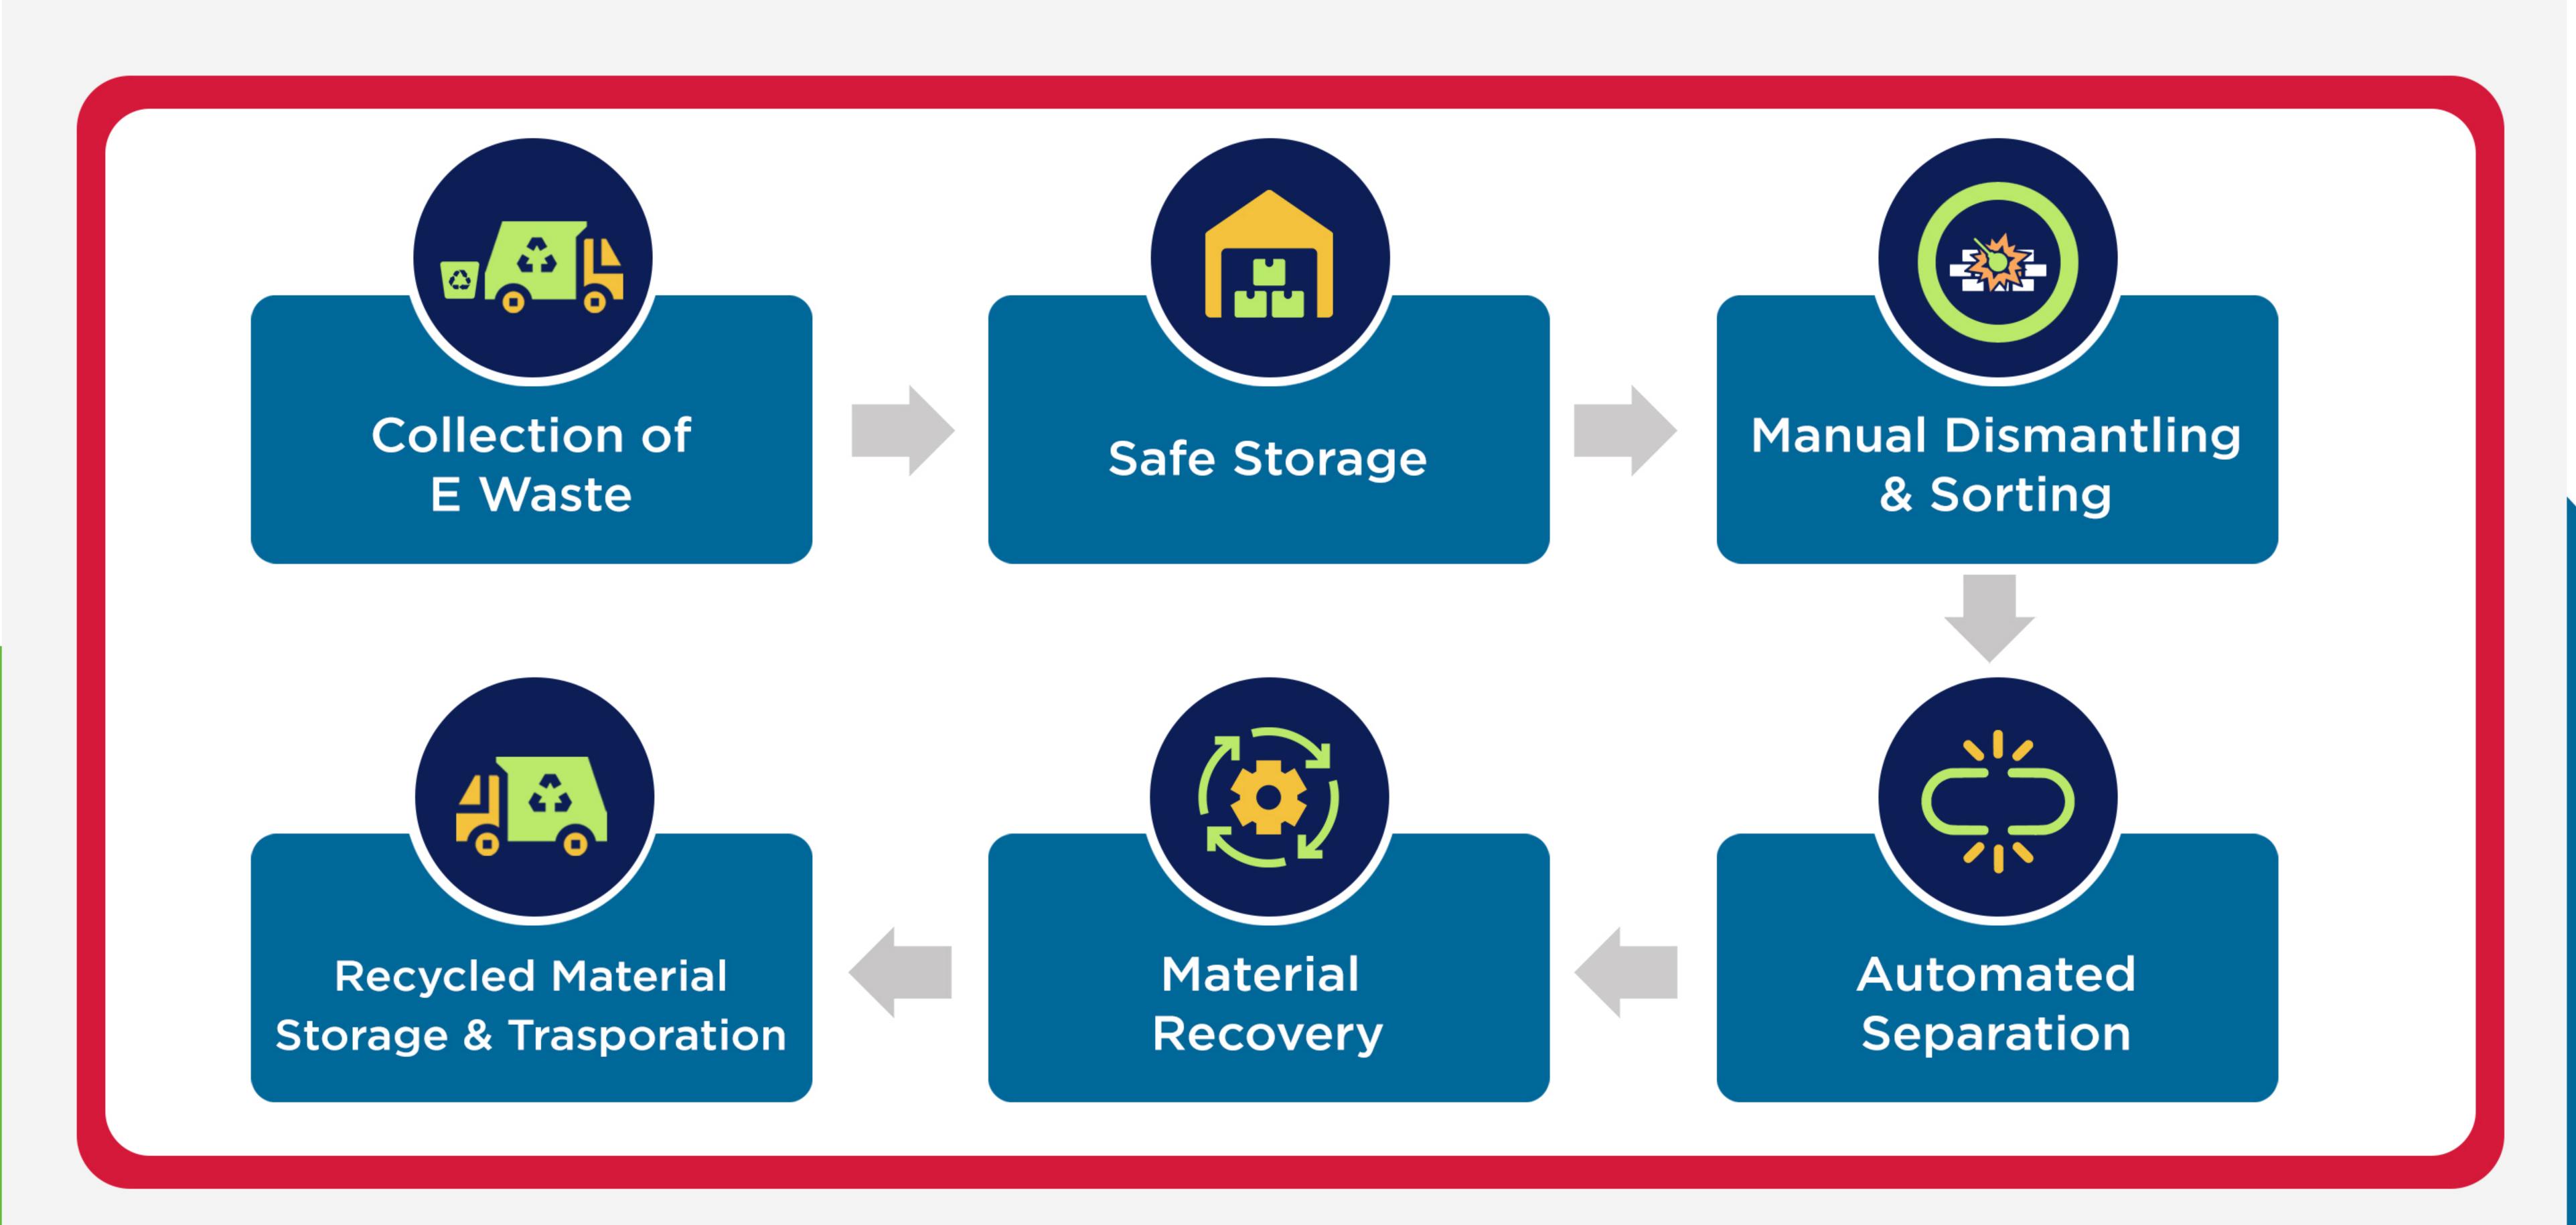

The waste collector programme focuses on engaging with waste pickers and aggregators and setting up of collection channels in the informal sector by integrating them in the formal economy.

Community/RWA Awareness Programme

The objective of the Community/RWA Awareness Programme is to establish collection channels and provide a responsible e-waste management solution to the individual consumers in urban areas of India. The Programme serves the e-waste management needs of residents of Apartment Complexes and Residential Welfare Associations, wherein collection drives are held, and consumers are educated on issues related to e-waste.

Flow of e-waste from source to Recycling/Dismantling Facility

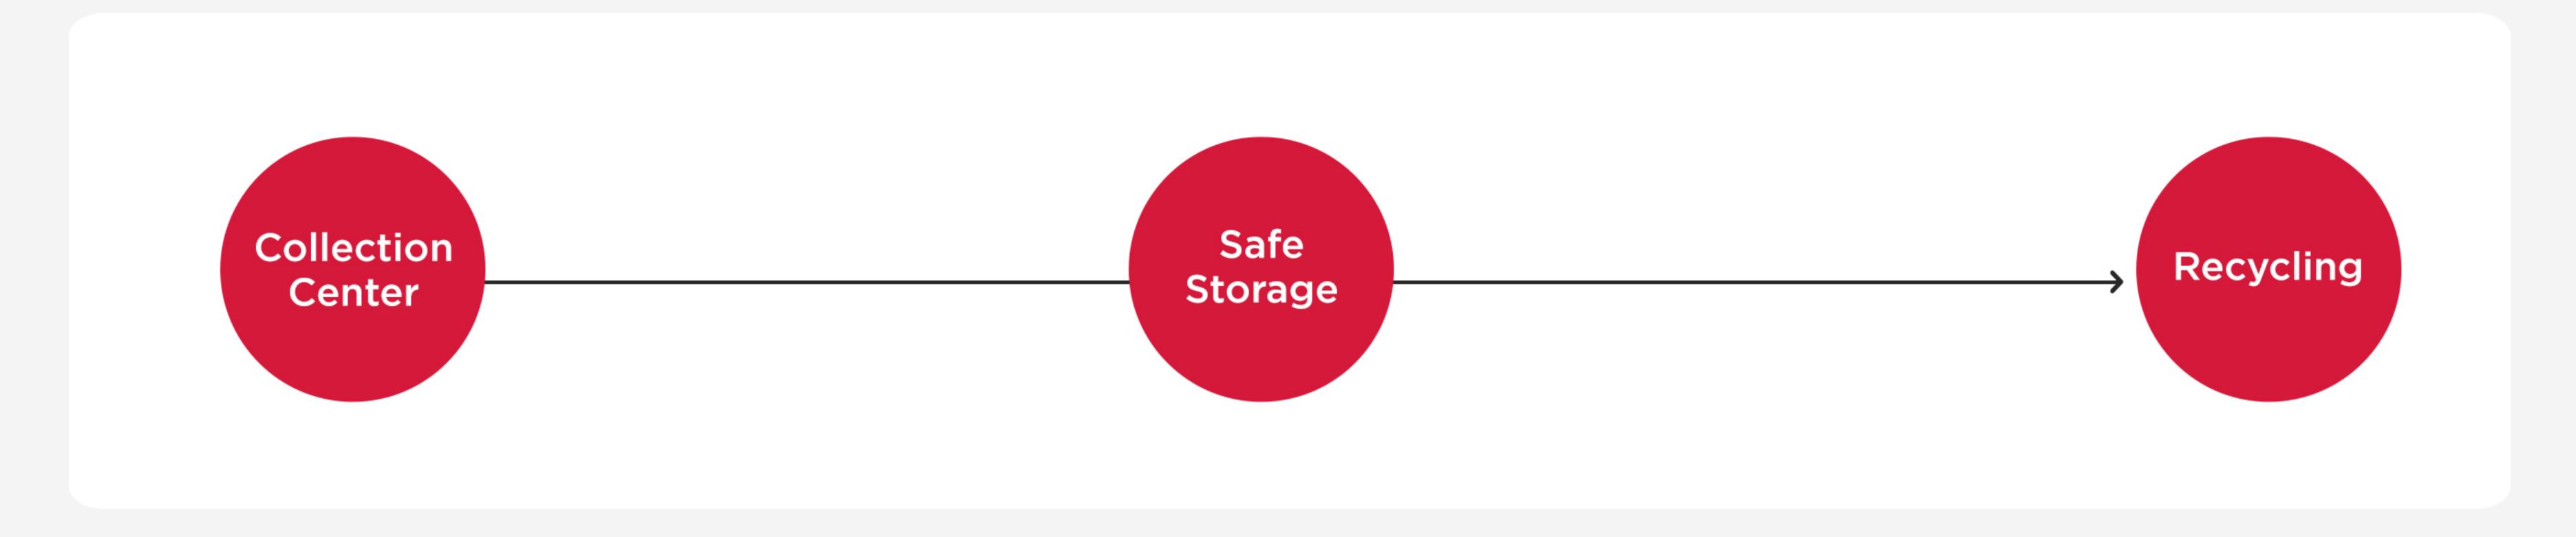

Channelisation of E-Waste

Reverse Logistics

Collection centre has tied with logistics service providers (LSPs) which manage the movement of e-waste from its collection channels. The focus of logistics services is on transporting the collected material to the authorised dismantler/recycler in a safe way.

Movement of e-waste from Collection Centre to Recycling/Dismantling Facility

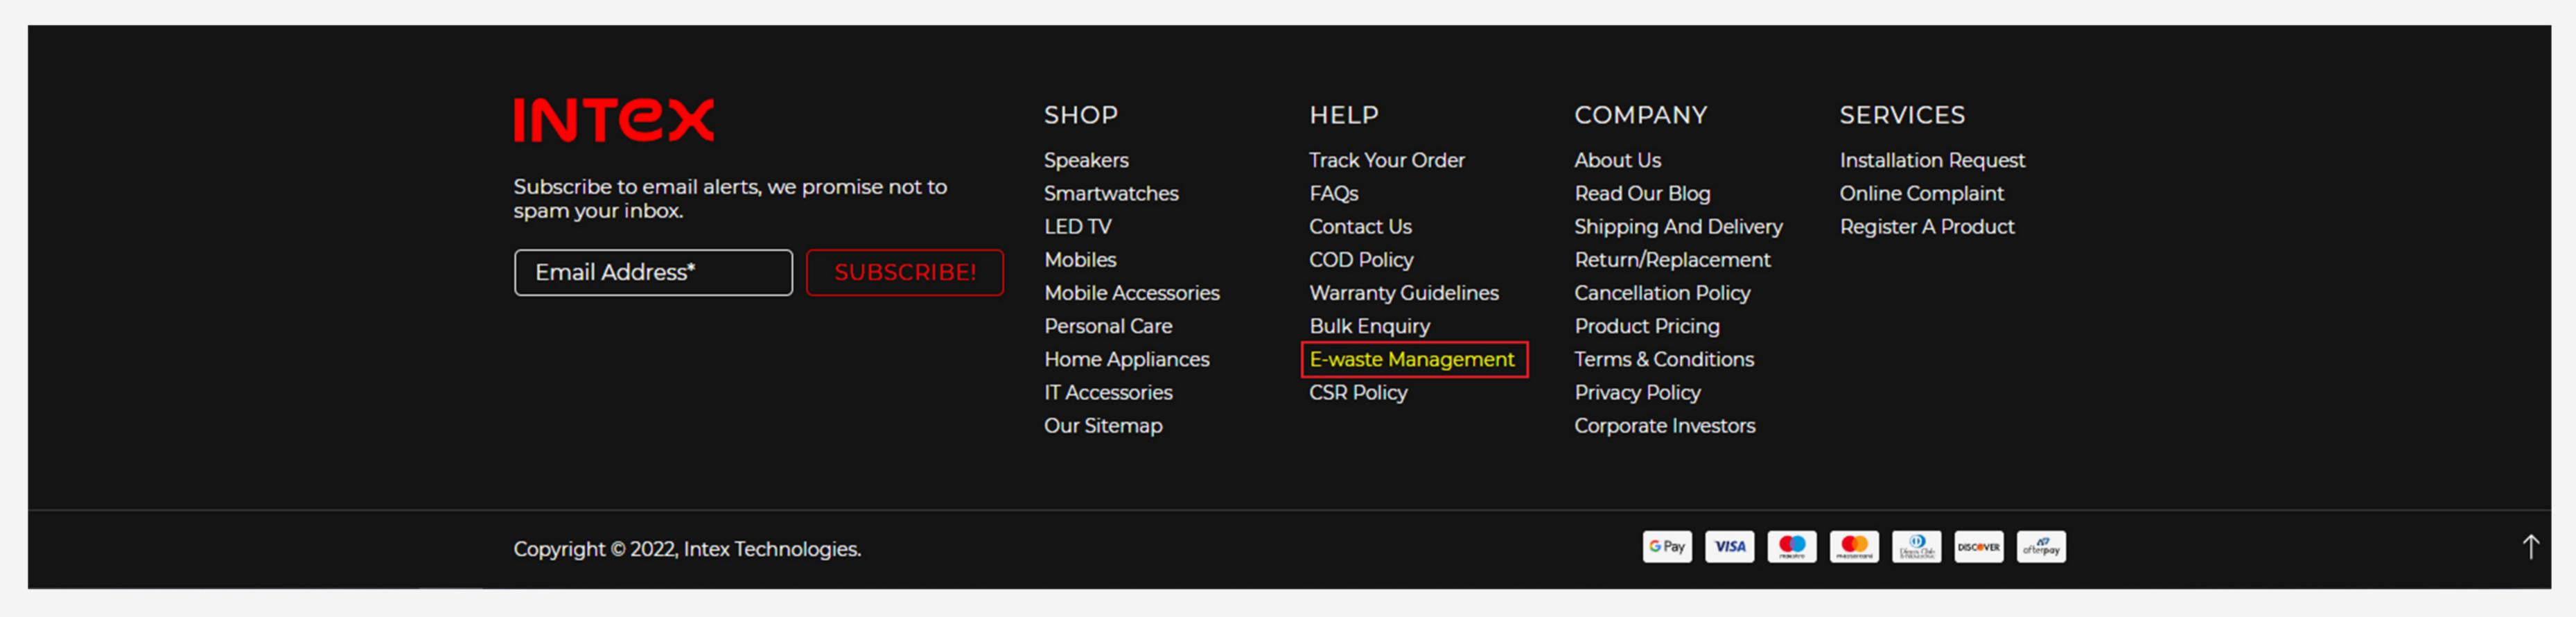

Toll Free Number
