THANK YOU
FOR BEING OUR CUSTOMER

Your purchase is truly appreciated!
We hope you are over-the-moon with our product!
IMPORTANT SAFETY INSTRUCTIONS

BEFORE USING THIS APPLIANCE READ ALL INSTRUCTIONS AND CAUTIONARY MARKINGS IN YOUR USER MANUAL AND ON THE APPLIANCE

DO NOT touch or hold the mains plug with wet hands.

DO NOT block or cover air flow to or from the fan while in operation.

DO NOT insert fingers or objects through the grille while in operation.

INTENDED USE

• This appliance is not intended for use by people (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning the use of the appliance by person responsible for their safety.

• Close supervision is necessary when any appliance is used by or near children. Children should be supervised to ensure that they do not play with the appliance. Cleaning and user maintenance shall not be done by children unless they are older than 8 and supervised.

• Use the appliance only for intended household purposes as described in this User Manual. Any other use is not recommended that may cause fire, electric shock, or injury to people.

ELECTRICITY SAFETY

• This appliance must be provided with correct voltage via a professionally installed power socket. Make sure the voltage indicated on the label of the appliance is the same as your local supply.

• IMPORTANT - This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to rig this safety feature.

• This product employs overload protection (fuse). A blown fuse indicates an overload or short-circuit situation. If the fuse blows, unplug the product from the outlet. Replace the fuse as per the user servicing instructions (follow product marking for proper fuse rating) and check the product. If the replacement fuse blows, a short-circuit may be present and the product should be discarded or returned to an authorized service facility for examination and/ or repair.
WARNING: To reduce the risk of fire or electric shock, do not use this fan with any solid-state speed control device.

Include instructions pertaining to a risk of fire, electric shock, or injury to persons, for cleaning and user maintenance, such as lubrication.

DO NOT operate any fan with a damaged cord or plug. Discard fan or return to an authorized service facility for examination and/or repair.

DO NOT run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings.

DO NOT route cord under furniture or appliances. Arrange cord away from traffic area and where it will not be tripped over.

Disconnect the appliance from the power supply before servicing.

FOR HOUSEHOLD USE ONLY
READ AND SAVE THESE INSTRUCTIONS

Have your wall fan checked regularly for any sign of malfunction!

Check if:
- Plug, cord or appliance is damaged.
- Excessive noise, unpleasant odor or abnormal heat.
- Stop using, check FAQ and contact Paris Rhône Support Team.

- **SLEEP**: LOW, MED, HIGH
- **BREEZE**: LOW, MED, HIGH

User Servicing Instructions

1. Grasp plug and remove from the receptacle or other outlet device. DO NOT unplug by pulling on cord.
2. Open fuse cover. Slide open fuse access cover on top of attachment plug towards blades.
3. Remove fuse carefully. Insert the tip of your tool into fuse slot (close with the terminal), then prise the fuse gradually and slowly, but not overexert. If you feel tight, you can try it at several times and prise the fuse little by little. When one side of the fuse has been prized, then you can get the fuse out entirely. Risk of fire. Replace fuse only with 2.5 Amp, 125 Volt fuse.
4. Close fuse cover. Slide closed the fuse access cover on top of attachment plug. Risk of fire. DO NOT replace attachment plug. Contains a safety device (fuse) that should not be removed. Discard product if the attachment plug is damaged.

Memory Function:
The fan is designed with power off memory function. It will always remember your last settings (except timer setting) once you turn it on again.

Additional Features

- **Power ON/Standby**
- **Fan Speed +**

This wall fan features a fused safety plug which is designed to cut off electric current to the fan if an electrical fault occurs. If your fan loses power and you suspect that the fuse on your fan has blown,
Replacement of Battery

- Replace with new batteries of the same type when replacement is required.
- When not using the remote control for a long time, please take out the batteries.
- Do not attempt to dismantle the batteries.
- Do not dispose of the batteries in fire; batteries may explode or leak.
- Do not use rechargeable batteries.

1. Press the locking button to remove the battery holder.
2. Replace the battery with the same type (CR2025, 3V), making sure the (+) side facing up.
3. Push in the holder until securely locked into place.

**WARNING:**
Do not ingest battery. Chemical Burn Hazard.

This product contains a coin/button cell battery. If the coin/button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death. Keep new and used batteries away from children.

If the battery compartment does not close securely, stop using the product and keep it away from children. If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

The batteries contain materials, which are hazardous to the environment; they must be removed from the appliance before it is scrapped and that they are disposed of safely.

**CLEANING AND MAINTENANCE**
Always take the fan off wall before cleaning for safety reasons.

- A soft cloth is recommended for cleaning the blade.
- To remove dust between the grilles, a pipe cleaner, flexible dust wand, vacuum cleaner or compressed air are acceptable.
- Always make sure the wall fan is turned off and unplugged before cleaning.
- DO NOT stick any foreign objects or your fingers inside of the unit.
- Never immerse in water or allow water to drip into the motor housing.
- DO NOT clean with abrasive chemicals or flammable cleaning agents.
