

# Product Care & Warranty

**Royal Lifestyle poly furniture does not need to be painted or stained because it is built with recycled plastic lumber that will not rot or splinter. The color should never wear off because it is pigmented throughout the product. The poly lumber is UV protected to keep fading to a minimum. Poly furniture is not affected by most corrosive substances, and will not promote mildew or bacterial growth.**

**Cleaning is a breeze! Most dirt wipes away with mild soap and water using a sponge or cloth. Hard to reach surfaces can be cleaned with a plastic bristled brush. Mild stains & dust can simply be washed off with a garden hose. Rust spots or tough marks, can be removed with an Iron Remover or Magic Eraser. For a deep clean, you can use a pressure washer on the lightest setting and at no more than 1,500 psi. Do not place the tip of the pressure washer closer than 8"-10" from the furniture or it may gouge or damage the finish.**

**Surface protection - Flower pot, drink, & food residue should be removed regularly to prevent permanent staining. Do not use or place sharp objects or hot items on your furniture. Most fasteners on Royal Lifestyle furniture are 316 grade stainless steel, which is a high grade of stainless steel. This will not rust in a normal outdoor environment. If your furniture is exposed to saltwater, occasionally rinse it with fresh water to maintain a rust-free surface. Check all fasteners periodically for tightness. Simple maintenance & cleaning is all you need to enjoy our beautiful & elegant Royal Lifestyle furniture.**
