VINTAGE REPORT - 2022

Two words dominate the various weather reports for the growing season; **'Heatwaves and Rain'**.

Initially this may strike horror into those following vintage variations. If there are two things that Pinot Noir does not enjoy, these are encapsulated in these words. But read on....

Despite being the second hottest growing season in 75 years of records, Burgundy 2022 is a vintage that surprised all. Tasting notes are filled with words like perfume, mineral, exotic, expression... This vintage is another atypical vintage crusading through difficult weather patterns to emerge unscathed at the other side.

A brief insight into the weather events of the 2022 growing season:

A winter with lower than average rainfall saw a cooler than usual January and then mild, sunny February and March leading to fears of early budbreak and frost risk.

March stayed mild but not too warm, buds stayed put and the April frosts impacted a very small portion of vineyards.

Flowering came early in mid May, but arrived in beautifully settled weather allowing almost perfect pollination and promise of a healthy crop.

May was exceptionally dry, a worry for vigneron. June started off the same until 20th and 21st when stormy weather brought some hail and almost a month's worth of rain in two days. Gevrey-Chambertin saw mud slides and rivers of brown tearing through the streets. The villages of the Côtes de Beaune saw less dramatic deluges and enjoyed the respite from the heat.

With July returned the dry heat. Vines were shutting down as the temperature gauges hit 40+ Celcius. By the end of the month the vines were looking stressed reflecting the same period in the vineyards of 2020.

August was kind, bringing gentle episodes of rain to relieve the vines. Comparisons between 2022 and 2020 show the hydric stress, so detrimental to vines in 2020 was not an issue in 2022. Thermic stress was there, resulting in the shut down of the vines at points in the summer. The result, delay of around a week to the harvest of 2022 giving the vines more autumnal evenings to finish off their phenolic potential.

VINTAGE REPORT - 2022

So how has vintage 2022 provided us with these terroir driven, fresh, perfumed styles managing to excite critics, growers and buyers alike? The romantics among the vigneron refer to the 'resilience' of the vines, their ability to adapt and emerge unscathed after another extreme growing period. But in the vineyards we have noticed on-going changes. Less ploughing, careful use of cover crops and educated management of the leaf cover throughout the season. More natural methods to protect the vines are being used. At Bouchard Pere et Fils, they were using Kaolin clay to create a barrier against the sun on the foliage, not unlike the effect sun cream has on our skin.

Biodynamics are far more prevalent with growers, focussed on the soil health and associated water holding benefits of increased organic matter. Our friends at Domaine Truchetet in the Cotes de Nuits harvested from 7th to 15th September. In their words 'healthy grapes, the phenolic compounds in the reds have great qualitative potential, this is a vintage for laying down'

I'm really excited about the 22s. There's so much expression already available in the wines. Chablis' are lifted with hints of mushroom but grounded with a savoury depth. The whites are full of exotic notes, tempered by saline acids, swooping through the wines. Reds are fruit forward with perfume and

intrigue. Resolved tannins reminding us why Pinot Noir from Burgundy is still so revered. I think my note on the Volnay from Domaine Comte Armand says it all: 'Burnished berries on the nose, sweet raspberry fruit. Lifted violets, pretty. Supple lively mineral tones lift the finish. Elegant' . Prices have remained stable, the vintage is outstanding and quantities are up.

Could Burgundy be back on form?

DOMAINE LOUIS MICHEL & FILS

A family of winemakers since the 19th century the Michel family vineyards are planted on the first slopes to be farmed by Cistercian monks during the 11th century. The 25 hectares encapsulate 3 Grand Crus and 7 Premier Crus as well as Chablis and Petit Chablis terroir. Guillaume Michel runs the domaine, now 80% of the vines are farmed organically, he is strictly sustainable in the vineyards with the highest level of HVE certification.

DOMAINE LOUIS MICHEL & FILS

DOMAINE BOUCHARD PÈRE ET FILS

As the largest vineyard owners in Burgundy, with 130 hectares of vines (including 12ha Grand Cru and 75 ha of Premier Cru), Bouchard Père et Fils are in a strong position to maximise the quality of their wines. In the vineyards the translation of terroir into glass is driven by a focus on biodiversity and soil health. This year we have focussed on the heart of their production, selecting wines from their vineyards that offer the best value in an increasingly speculative market.

DOMAINE BOUCHARD PÈRE ET FILS

DOMAINE GÉRARD SEGUIN

This estate dates back to the 1800's, it was Alexis Seguin who was one of the pioneers of grafting American rootstocks following the Phylloxera crisis of the 1880's. Gerard now manages the estate with his son Jerome, they have gradually been adding new parcels of vines over the years and have built up an estate of 6.25 hectares primarily in Gevrey-Chambertin. The vineyards are run sustainably with most of the cellar work, especially the bottling, performed in conjunction with the Biodynamic calendar.

DOMAINE THIBAUT LIGER-BELAIR

NEW

Thibault took over the vineyards of his family domaine in 2001. The family have been producing wine in the Cotes de Nuits since the 18th Century. Thibault's passion is the expression of terroir, but on this journey he became heavily invested in the impact of oak. Today, Thibault selects the trees in the forests to eventually house his wines during elevage. His focus in this interaction is to match the oak to the various soils in his vineyards. The various cuvees carry his passion and direction, displaying huge complexity and elegance. These are wines with soul. Harriet has been chasing an allocation for the last four years. 2022 being generous in yields allows us to offer this very special selection to our customers in Ireland.

Domaine des Pierres Roses, Moulin a Vent

Thibault has 13ha of vines in Moulin a Vent. He works regeneratively on this land. Like in Nuits-Saint-Georges he isolates each terroir within the appellation to make the most of its identity. The mulch below the vines creates latent heat warming the soils in this exposed site. 'Les Vieilles Vignes' is a blend of 9 parcels, east facing taking in the on-coming breezes. Each year a proportion of the grapes are whole bunch fermented. 'Champs de Cour' is on the south facing slope below the windmill, warmer soils and yellow granite drive perfumed, riper tones. These wines will benefit from time in bottle.

DOMAINE THIBAUT LIGER-BELAIR

DOMAINE THIBAUT LIGER-BELAIR

DOMAINE MICHEL MAGNIEN

Certified biodynamic in 2015 Domaine Michel Magnien (18ha) is run by forward thinking 5th generation winemaker Frédéric Magnien. In 2015 Frédéric ceased using new French oak barrels, replacing them with 160 litre terracotta amphora. The amphora brings a freshness and life to the wines that the oak cannot provide. All of the wines below are aged in amphora.

DOMAINE COMTE ARMAND

A 9ha domaine Comte Armand produces the esteemed monopoly Clos des Epeneaux, along with a range of wines from plots located in Volnay and Auxey-Duresses. The Clos des Epeneaux is a magnificent parcel of five hectares acquired by Nicolas Marey at the end of the 18th century. The vineyards are certified organic and cultivated biodynamically. Since Paul Zinetti took over the winemaking in 2014 the wines have evolved further. In the words of Jasper Morris MW they have taken on a more enhanced, refined and pure style.' All grapes are de-stemmed with a longer time resting on the skins than many. Paul said from the outset that he wanted to make a less tannic wine in the Clos, and one which is more about aromatic length.

DOMAINE JACQUES CARILLON

The Carillon family have been making wines in Puligny-Montrachet since the 16th Century. Jacques and Sylvia set up their own domaine in 2010 following 30 years working on his father's estate. Domaine Jacques Carillon comprises 5.25ha, all the wines are made from their own grapes grown in a sustainable way using Integrated Pest Management and the avoidance of herbicides. The wines are made to reflect the limestone led terroir with only 15-20% new barrels allowing that sanguine minerality to explode from the glass after some time in bottle.

DOMAINE TOLLOT-BEAUT

Tollot-Beaut is a most reliable source for a range of delicious consumer friendly wines that seem to get better as the years go by. The wines are beautifully open in style, with rich generous fruit flavours and judicious use of new oak. They have a certain poise, with great depth and elegance and consistently over-deliver for the price. The property was one of the very first to domaine bottle their wines in the early 1920's; today it is run by Nathalie Tollot and her extended family.

DOMAINE TRUCHETET

An exciting domaine nestled into the hamlet of Premeaux-Prissey in Nuits Saint Georges. Husband and wife Morgan and Julie Truchetet, along with Morgan's sister Pauline took over the reins of their family domaine in 2019. The energy of this 6th generation of Truchetets is palpable. They do much of the work themselves, focussed very much on the soil and natural balance in the vineyard. The 6.5 ha of vines are in organic conversion and yield excellent wines that show great elegance and precision. They also make wines under their negociant label Morgan Truchetet, with grapes that they control from harvest date onwards and vinify to their exceptional standards.

DOMAINE RAGOT

Nicolas Ragot has run his family domaine of 9.5ha since 2008. The domaine underwent a complete renovation in 2003 when Nicolas and his father Jean Paul upgraded the cellar. Nicolas is part of the new generation of forward thinking vignerons, trying to preserve their domaine for the next generation. His vision for the future is one of sustainability. Work in the vineyards avoids the use of herbicides, whilst beneficial crops act as a natural barrier against weeds and an effective tool in water regulation to the vines. This approach is not limited to the vineyards; 100% of the cellar is electric, powered by solar panels. The wines have a purity and precision. The expression of terroir lends a deep character to the wines. We're excited about this domaine from a commune that is quietly gaining a name for its

LES CHAMPS DE THEMIS

Organically farmed with minimal sulphur useage, they offer great value and incredible depth from such young domaine. As with most of Burgundy today, allocations are small with this domaine. Originally from Nuits-Saint-George, Xavier decided to move south to start his own project. He rents the land that is farmed organically in the vineyards around Bouzeron. Bouzeron in the Côte Chalonnaise is the only commune to grow 'golden' Aligote. All the vines are mature with some vines over 80 years old, the concentration and definition from the older vines gives huge complexity to the wines. What impressed Harriet about the wines, was the careful use of oak, elevating the fruit aromas and adding depth to the palate of each wine. Xavier works closely with the Chassin tonnellerie, ensuring that each plot has the perfect elevage.

DOMAINE DOMINIQUE GRUHIER

Hailing from the village of Epineuil just ten minutes northeast of Chablis, this is a domaine for which global warming has given opportunity. A 25ha domaine certified organic, we were delighted to find expressive, good value wines and cremants produced by the increasingly respected Dominique Gruhier. Working with very low levels of sulphur, the wines have a purity lifted by the chalky kimmeridgean minerality. After 10 years of working organically he feels that this site signature has been achieved.

DOMAINE DE LA FOLIE

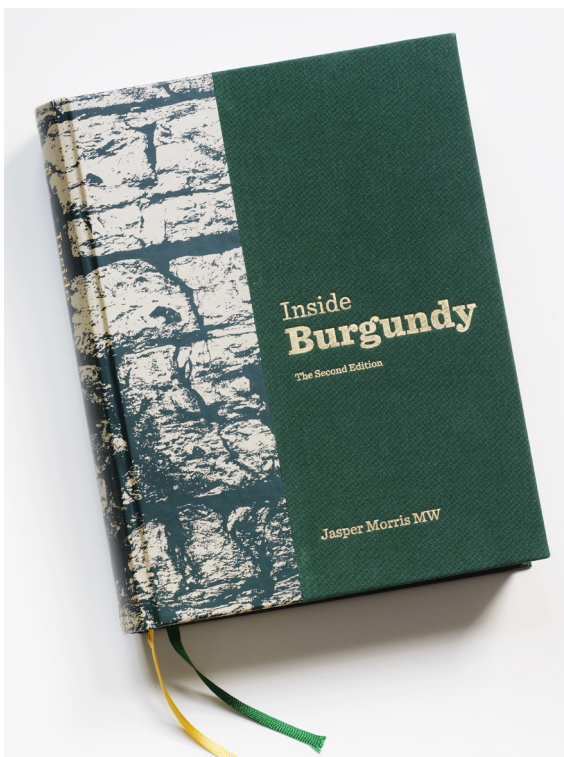

We met Clemence in 2020. She and her husband Baptiste Dubrulle are the fourth generation to make wines here. The style is relatively traditional, with a generous bouyancy about the wines. Open expressions, a welcome embrace! Their vineyards are 'future proofed' against climate change with east and north/east facing slopes. The couple embrace the terroir, focussed on expressions of site over]influences from oak.

| | | Vintage | Case Size | Under Bond Case Price € |
|---|---|---------|-----------|-------------------------|
| ○ | Bourgogne Aligote, Domaine de la Folie | 2022 | 6 | 83.00 |
| ○ | Rully Blanc Clos 'La Folie', Domaine de la Folie | 2022 | 6 | 114.00 |

| ○ | Rully Rouge 'Cuvée Marey', Domaine de la Folie | 2022 | 6 | 134.00 |

Inside Burgundy The Second Edition

Jasper Morris MW — Price from €80.00

Inside Burgundy is at once personal and encyclopaedic, offering detailed insider knowledge gained over decades allied to insights into the places – and above all the people – that make Burgundy so special.

In the new edition, Jasper Morris MW describes more than 1,200 vineyards and 300 wine villages, and profiles and appraises some 700 domaines. It offers detailed insider knowledge on the places and people that make Burgundy such a special winemaking region.

The book includes 45 full-colour maps which shine a light on Burgundy's complex network of vineyards and villages. It also includes six new maps, which illustrate plot-by-plot holdings in individual Grand and Premier Cru vineyards.

SAVIGNY CHAMP-CHEVREY MONOPOLE - DOMAINE TOLLLOT-BEAUT
