Device Listing#: See annex

This just indicate that the file-holder's registers and lists its devices. The resulting entry in FDA's Establishment Registration & Device Listing Database does not denote anything other than that the establishment has provided certain information to FDA.

CCTS will confirm that such registration remains effective upon request and presentation of this file until the end of the calendar year stated above, unless said registration is terminated after issuance of this file. CCTS makes no other representations or warranties, nor does this file make any representations or warranties to any person or entity other than the named certificate holder, for whose sole benefit it is issued. CCTS assumes no liability to any person or entity in connection with the foregoing.

Pursuant to 21 CFR 807.39, "Registration of a device establishment or assignment of a registration number does not in any way denote approval of the establishment or its products. Any representation that creates an impression of official approval because of registration or possession of a registration number is misleading and constitutes misbranding." The U.S. Food and Drug Administration does not issue a certificate of registration, nor does the U.S. Food and Drug Administration recognize a certificate of registration, CCTS is not affiliated with the U.S. Food and Drug Administration.
