I		SCREW-DRIVER	1
J		HOOK TOOL	2

ASSEMBLY

Warning :

Read and follow this instruction prior to assemble and use of this equipment.
Two adults are needed to assemble this product.

STEP 1 -

Connect the top rail © pieces together forming a circle.

STEP 2 -

When circle is complete connect the legs to the rail.

STEP 3 -

Continue inserting all legs to the rail and secure it tightly with the screws.

NOTE : Before you attach the mat to the frame, align the net with the trampoline frame. Make sure that the entrance to the net is between 2 poles.

STEP 4 -

Hook the galvanized hooks into the trampoline mat edges, as shown in figure.

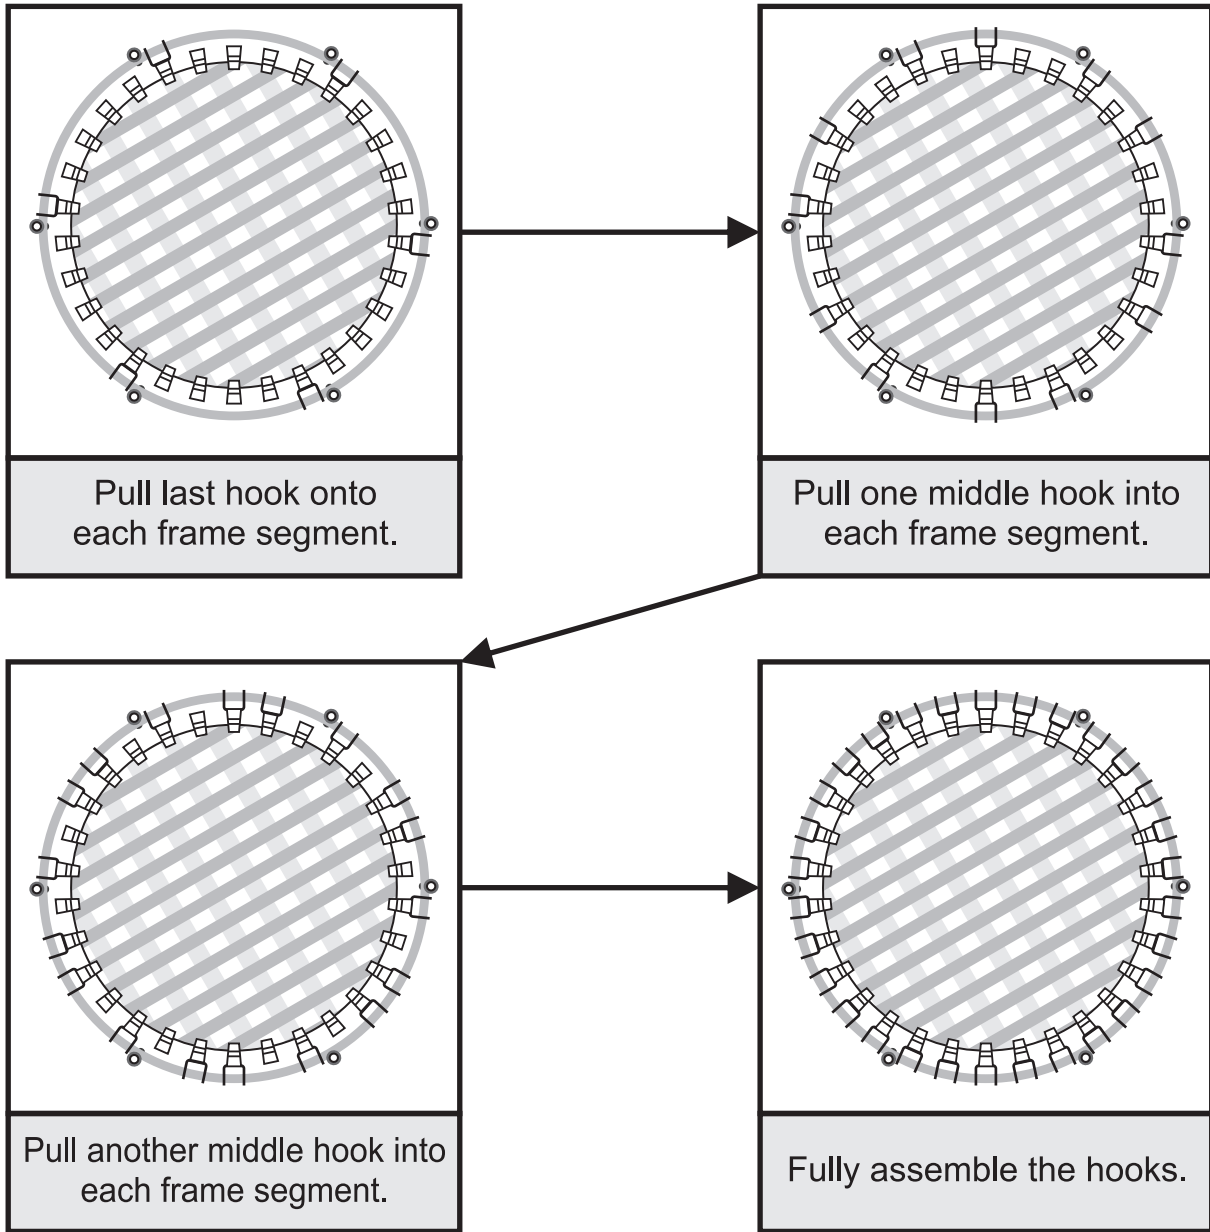

STEP 5 -

When attaching the jumping mat to the trampoline frame, please be careful as the connecting points can pinch since the trampoline is tightening up.

Attention : Please assemble the Jumping Mat as shown below:

- Please use hook tool to assemble the mat.
- 5 pieces of galvanized hooks for each frame segment.

STEP 6 -

Frame Pad with Skirt assembly.

Lay the frame pad over the trampoline so that the hooks and steel frame are covered and lay the skirt around the legs and secure it with screws on the bottom of the legs as shown in figure.

STEP 7 -

Safety Net assembly.

Insert the lower pole ③ into the rail as figure shown.

STEP 8 -

Continue inserting all lower poles and then insert the Upper Pole ⑥ and secure with screw tightly together.

Continue inserting all Upper Poles and secure it tightly with the screws.

STEP 9 -

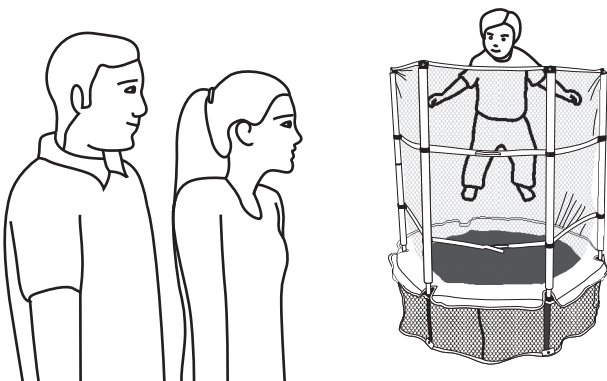

Attach the Net to the top poles and secure it with the screws as picture shown.

STEP 10 -

To secure, pull both Velcro straps around the upper and lower poles.

One at a time! This rule should be strictly followed while jumping on a trampoline. A majority of accidents take place due to the presence of more than one person on the trampoline.

Always supervise your kids when they are near or on the trampoline.

Kids tend to attempt experiments with new jumps in the absence of parents.

WARNING

1. Trampoline must be set on flat ground, recommendation is to place the trampoline on a level surface at least 2 ft from any structure of obstruction such as a fence, garage, house, overhanging branches, laundry lines or electrical wires.

2. Trampoline should not be installed over concrete, asphalt or any other hard surface.

3. Don't allow more than one child on the trampoline. Use by more than one child at the same time increase the chance of injury.

4. Don't hang from, kick out or climb on the barrier (netting).

5. Don't attempt to jump over or climb under the barrier (netting).

6. Child should be supervised by an adult during playing on trampoline.

7. Comply with all warnings and recommendations provided by the trampoline manufacturer.

8. This trampoline is not suitable for children under three years of age due to small parts.

9. Keep assembly and installation instructions for further reference.

10. Changes to the original trampoline (for example the adding of an accessory) shall be carried out according to the instructions of the retailer of the original toy.

11. For family domestic use only.

12. Intended for indoor/outdoor use.
