Section 8. Exposure Controls and Personal Protection

Specified Respiratory Protection: None required for normal usageProtective Gloves: None requiredVentilation required: None required for normal usageEye Protection: Keep out of eyesOther Protective Equipment: N/AWork/Hygienic Practices: N/AOther Protective Equipment: N/A

Section 9. Physical and Chemical Properties

Physical Form: Clear-yellow liquidBoiling Point: N/AMelting Point: N/ASpecific Gravity: Approx. 1pH: 5.0 - 6.5Water Solubility: Slightly solubleVapor Density (air=1): Greater than 1Evaporation Rate (Water=1): <1</td>

Odor: Characteristic perfume

Section 10. Stability and Reactivity

Product is stable Incompatibility (materials to avoid): None known Hazardous Decomposition or Byproducts: N/A Hazardous polymerization cannot occur.

Conditions to Avoid: Protect from extreme heat and freezing.

Section 11. Toxicological Information

Medical Conditions Generally Aggravated by Exposure: None known.

Section 12. Ecological Information

Large quantities should not be discharged into waterways to prevent pollution of the waterways.

Section 13. Disposal Considerations

Disposal to be performed in compliance with all regulations.

Section 14. Transportation Information

FOR US AND INTERNATIONAL SHIPPING

Hazardous materials description and proper shipping name: NoneHazard class: N/AIdentification number: NoneLabels required: None

Section 15. Other information

Notice: The information presented herein is based on experimental data submitted by the manufacturers of the raw materials and is considered scientifically correct, however, no warranty, expressly implied or otherwise, is made to the accuracy or suitability of this information to the purchaser's intended purpose or for consequences of its use. Use these materials only as directed. For further information concerning product safety and use, call the

number listed on the front of the MSDS.
