YAME

JUNICHI

Premium Organic Shiraore & Matcha BY IRIE TOSHIRO

PRODUCTION AREA

The most renowned plantations in Fukuoka prefecture are located in Yame area. Morning mists and river fogs are very frequent. Curtains of fog wrap green tea plantations, properly blocking sunlight.

This helps generating more amino acids (including theanine, glutamic acid, arginine, etc.) within the tea leaves. In addition, Yame enjoys an inland climate-high temperature during daytime and very cool and low temperatures at night.

RECOMMENDED PREPARATION

1. Put **8g** (0.28oz) of tea leaves for **2 cups of tea** in a teapot (with a filter mesh).

2. Bring water to a boil. Quantity for 2 teacups **200ml** (6.76oz) of water.

3. Pour the water into the cups, then transfer it immediately it into the teapot, the temperature should have reached around **90C** (194F).

Close the lid and allow the tea to brew for **30** seconds. Do not stir.

4. Pour the tea slowly into the cups, a little at a time, until the last drop.

The last drop is the best...
Always prepare a minimum amount of two servings.
A high-quality Shiraore can be rebrewed 2-3 times.
Re-brewing time should be only 10-20 seconds depending your taste
