

## Warranty terms

Your Axglo electric golf push cart and charger have a 2-year warranty from the date of purchase. The warranty covers product problems. Failures due to accidental damage, improper use (wear and tear) or misuse are not covered.

### Axglo lithium batteries have a separate warranty period.

Please refer to the various instructions and requirements of installation, maintenance and warranty in the manual for complete details.

Serial Number ( located at the bottom of the slot in the main pipe )

Please keep this half for record.

If your electric cart is submerged in water, please remove the battery; do not charge the battery, and contact us as soon as possible for operation.

Before returning any electric cart back to us, the user must provide the return authorization number issued by us. Returning without the authorization number will be refused. If you have any questions, please call 416-292-1380 and we will tell you how to deal with it over the phone.
