ECTION 8 - Exposure Controls / Personal Protection	
recautions: Use in a well ventilated area to control dust exposure to applicable limits. espiratory Protection: Use an approved dust mask or respirator to protect from dust inhalation if exposed oncentrations of more than 10 mg/m3. ye & Hand Protection: Safety glassses with side shields or goggles and protective gloves.	l to dust
ECTION 9 - Physical And Chemical Properties	
dour: Free from odour. ppearance: White Powder hemical Properties: For full composition refer to Technical Data Sheets.	
ECTION 10 - Stability And Reactivity	
hemical Stability: Stable. onditions to avoid: Open flames and sparks, extreme heat, oxidising materials. azardous Polymerisation: Will not occur.	
ECTION 11 - Toxicological Information	
kin Irritation: Non-irritant. ye Irritation: Non-irritant. cute Oral Toxiciity: Non-toxic in small doses	
ECTION 12 - Ecological Information	
on hazardous waste, essentially not harmful to the environment.	
ECTION 13 - Disposal Considerations	
ispose of according to local and national regulations. Prevent material from contaminating soil or entering s nd drainage systems.	sewerage
ECTION 14 - Transport Regulations	
ot regulated. Considered non hazardous for transportation by land, sea or air.	
ECTION 15 - Regulatory Information	
nis cosmetic powder is compliant with Regulation (EC) No.1223/2009 (Annex IV)	
ECTION 16 - Other Information
