

 Electric Radiator

TTPLUS

The comfort you need

EVERYDAY COMFORT 

Electric Radiator

TTPLUS

Rely on our unique
"consumption control" function

With its **150 W per element** and our technology, you will be able to know in real time the electricity consumption of your radiators to maximise savings without sacrificing comfort.

Thanks to our exclusive consumption control function, you will be able to know in real time the electricity consumption of your **TTPLUS** radiators to maximise savings without sacrificing comfort.

Now with its **LCD display** and intuitive buttons you will find it easier to programme your **TTPLUS** and use all its functions.
