

ENTRY 7074 Transponder Extender

- the secuENTRY 7074 Transponder Extender reads the secuENTRY 5710 passive transponder and transmits the opening signal to the cylinder or relay e.g. suitable for the integration of barriers and garage doors
- maximum radio range (AES encrypted) between wall reader and secuENTRY per door lock: approx. 4m
- audible feedback

ExternalKey: 4003482568200

Basic data

Article no.	ENTRY 7074 Transponder Extender
Material no. SAP	56820
Main material	Plastic
Incl. fixing material	no

Dimensions and weights

Product outer height	65,00 mm
Product outer width	60,00 mm
Product outer depth	55,00 mm
Product net weight	0,110 kg

Product features

Pincode	no
----------------	----

Fingerscan	no
-------------------	----

Emergency lock function	no
--------------------------------	----

Communication (Bluetooth/radio)	Bluetooth 4.0
--	---------------

Optional transponder	none
-----------------------------	------

Weather protection class	none
---------------------------------	------

Time functions	no
-----------------------	----
