

TABLE BASE ASSEMBLY

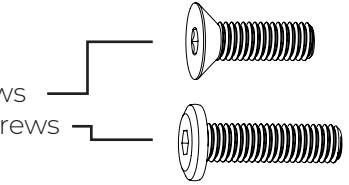

Aluminum - Trumpet Round Style Bases

For: 6020 and 6022 Trumpet Line Bases
See Catalog for Top Size Recommendations

Part List:

- A - Base Plate
- B - Base Plate Cover
- C - Column
- D - Column Sleeve
- E - Top Plate
- F-1 - x2 Flat Head screws
- F-2 - x2 Wafer Head screws
- G - 5mm Hex Key

Instructions:

- Step 1 - Assemble the Base plate (A) and the Column (C) by using the 2 Flat head (F-1) screws and the Hex Key (G).
- Step 2 - Slide the Base plate cover (B) over the Column (C). Let the Base plate cover (B) rest snug on top of the Base Plate (A).
- Step 3 - Slide the Column Sleeve (D) over the Column (C), the sleeve will rest on top of the groove of the base plate cover (B).
- Step 4 - Place the Top plate (E) on top of the column assembly (C) making sure to align the center holes. Tighten the Top plate (E) with the provided Wafer Screws (F-2) and the Hex Key (G).

You are now ready to mount your table top!
