Melanin Origins bases its Project Management Package on a standard children's book of **up to** 32 pages. These 32 pages include a title page, copyright page, and any other additional pages deemed necessary by the client. Additional fees will be incurred at the rate of \$65 per illustrated page for books that exceed 32 pages.

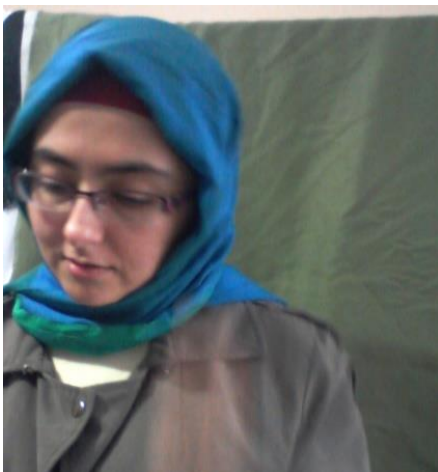

For purposes of clarity, discounts **are not** provided for books that are less than 32 pages. However, \$1,500 will be deducted from the total package price if a client already has illustrations completed by an illustrator not affiliated with Melanin Origins. In addition, Melanin Origins Project Managers **must have** direct contact with unaffiliated illustrators.
