Lamp (Bulb) Description	1 x 100W T8 E26 Base Frosted Halogen (Included)
Environment	Indoor - Dry Location
Dimming	Dimmable
Finish	Matte Black

Technical and Product Description The Glo-Ball F lamp was first designed in 1998 and is part of the Glo Ball Series designed by Jasper Morrison. Maximum diffusion of light is achieved through a simple concept that has both functional and creative appeal.

The Glo-Ball F has a hand-blown, etched white opaline glass diffuser supported by a matte silver stem and base.

The contemporary floor lamp works great as a subtle up-lighter emitting a warm diffused light.

The Glo-Ball F is available in three models with a matte silver finish:

- Glo-Ball F1: height 53.14"

- Glo-Ball F2: height 68.89"

- Glo-Ball F3" height 72.83"

Take a look at the entire family of [Glo Ball Series](#) lights.

Electrical

Voltage	120
Switching	0-100% dimmer installed on the cord
