

Benefits of True Toilet™

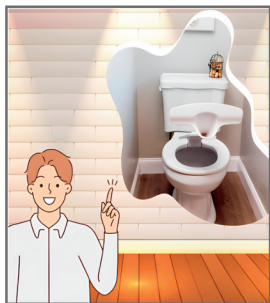

Splash-Free Design

True Toilet's revolutionary design directs urine into the toilet bowl, eliminate splatter and mess.

Adjustable Height

Users can adjust the urinal attachment to their desired height for a comfortable and precise urinating experience.

Independence

It empowers individuals, including children, older adults, and those with special needs, to use the toilet independently.

Enhanced Cleanliness

Directing urine into the toilet reduces the need for frequent toilet seat cleaning and helps maintain a fresh bathroom.

Who can use True Toilet?

- **Parents with Toddlers:** Ideal for parents who are potty training their children.
- **Parents with Boys of All Ages:** Useful for boys of all ages, including teenagers, ensuring a mess-free bathroom
- **The Elderly:** A great solution for elderly individuals with mobility challenges.
- **People with Medical Needs:** Beneficial for those dealing with medical conditions like urinary incontinence or neurological issues.
- **Special Needs Individuals:** True Toilet is a valuable aid for individuals with special needs, thanks to its user-friendly design.
- **Caregivers:** It is very helpful in assisting someone with special needs or medical conditions.
- **Anyone Seeking a Cleaner Bathroom:** For a busy household, guests coming over, or simply want a cleaner bathroom.

True Toilet!

“Never worry about URINE SPLATTER again”

How to Install True Toilet?

Step 1 - Remove

Remove your current seat from the toilet – unscrew it from the bottom of the rim.

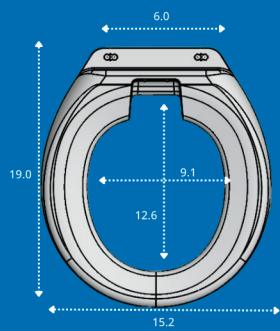

Step 2 - Replace

Replace your old seat with the universal True Toilet urinal attachment.

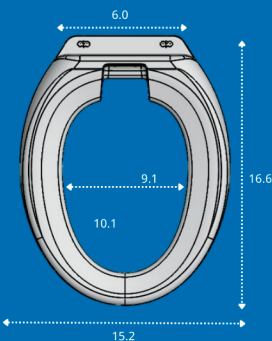

Step 3 - Use

Line up with True Toilet Men's Urine funnel to eliminate splash-back. Direct urine drainage into the toilet bowl.

How to Use True Toilet?

Adjust

Adjust Funnel Height to accommodate people of different heights and abilities, ensuring that everyone uses the urinal comfortably.

Use

Watch as every drop of urine flows into the toilet – not on the seat and the floor.
