# PASS THE PICKLE

We are here to help you commemorate that special moment you still laugh about with your friends. So get your game face on and grind that shut out victory. No one forgets a good pickle!

No one likes to lose, but you definitely don't want to lose 11-0. At least not to your friends. You will not hear the end of it... UNTIL you pickle them back. "Pass the Pickle™" is the perfect game to play with your crew. It will add a little wrinkle and a lot of laughs to your matches. The rules are simple...

1. Have a sense of humor
2. Pickle your friends
3. Pass the pickle
4. Share the moment with us

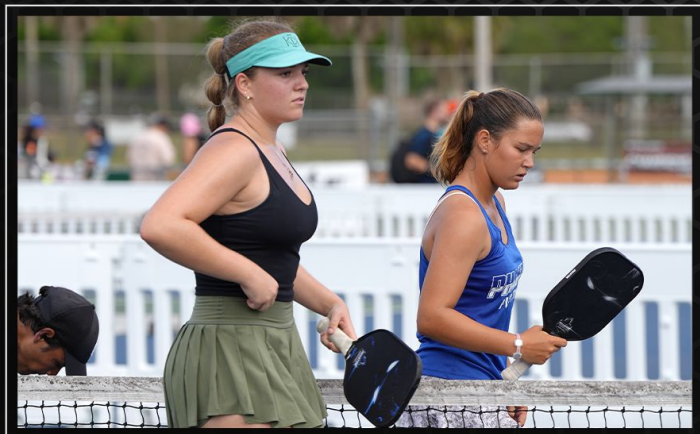

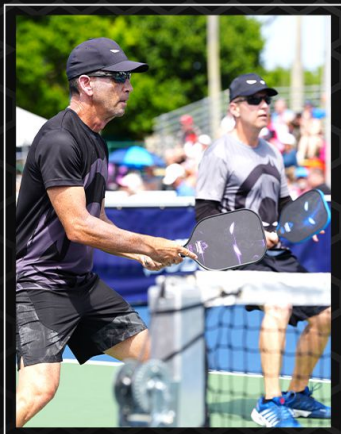

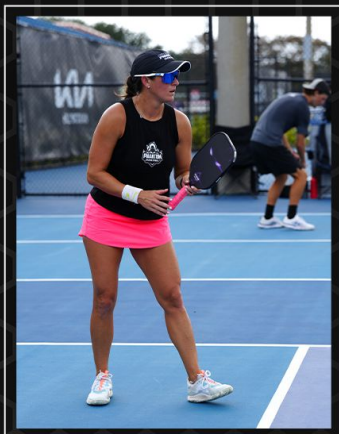

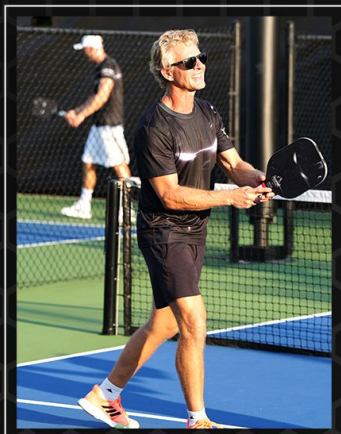

If you get pickled you are stuck with it until you pickle someone and can pass it on. Don't forget to take pictures and videos to share on Instagram. Tag us @phantompickleball and use #PassThePickle for all to enjoy and memorialize the moment forever.
