

# AMBIC<sup>®</sup>

*...designed for today's Dairy Farmer*

## **ΔiPAINT<sup>™</sup>**

**Tail paint designed for heat detection  
...and more!**

- Simple and effective
- Handy 500ml brush bottle for ease of application
- Rubs off completely with true mounting activity
- Also useful as a general animal marker
- Available in red, orange, yellow, green and blue

Ambic Tail Paint is a simple, effective, easy-to apply heat detection paint which rubs off when true mounting activity occurs. Tail Paint comes in five different colors in a handy 500ml (16.9 oz.) bottle with dispenser brush head. Simply squeeze the bottle to brush the paint on. Also useful as a general purpose animal marker. Ambic Tail Paint should be part of every dairyman's fertility management program.
