Inactive Ingredients:

Alfalfa, Artificial Apple Flavoring

Cautions:

- Safe use in pregnant animals or animals intended for breeding has not been proven.
- If lameness worsens, discontinue use and contact your veterinarian.
- Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset.

For Equine use only.

Myristol is recommended to comprehensively promote, support and maintain joint health in young, active equine athletes, as well as in older horses. Ingredients are of the highest quality and processing available.

Available through Veterinarians

Directions for Use:

Provide the average horse 1 heaped scoop (2.67 oz.) once daily. For large horses, provide 1-1/2 to 2 heaped scoops daily.

Warnings:

- For animal use only.
- Keep out of the reach of children and animals.
- In case of accidental overdose, contact a health professional immediately.
- This product should not be given to animals intended for human consumption.
