Piperonyl Butoxide (butylcarbityl) (6-propylpiperonyl) ether and related compounds	20%
OTHER INGREDIENTS	72%
TOTAL	100%

- Guaranteed against loss due to tag or button failure*
- Snap-Lok® collar for guaranteed retention*
- No withdrawal time required

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Reformulation or repackaging of this product is prohibited. The labeling must be in the possession of the user at the time of pesticide application.

Precautions and Restrictions

- Only protected handlers may be in the area during application.

Apply tags as directed below for Horn Flies and Gulf Coast Ticks:

- Horn Flies: 1 tag/animal for up to 3 months control
2 tags/animal for up to 5 months control (1 tag on each ear)
For breeds with large ears, apply to back of ear for optimum control of horn flies.
- Gulf Coast Ticks: 2 tags/animal for up to 4 months control (1 tag on each ear)

Apply tags as directed below for the listed pests:

- Spinose Ear Ticks: 2 tags/animal (1 tag on the front of each ear) to aid in control for up to 3 to 4 months
- American Dog Ticks: 2 tags/animal (1 tag per ear) to aid in control for up to 3 months
- Cattle Fever Ticks (*Boophilus* species): 2 tags/animal (1 tag per ear) to aid in control for 2 to 3 months. This product should not be the sole means of control of cattle fever ticks.
- Lone Star Ticks: 2 tags/animal (1 tag per ear) to aid in control for 2 months
- Face Flies (*Musca autumnalis*): 2 tags/animal (1 tag on the front of each ear) to reduce Face Flies

Apply as shown with a Y-TEX 2-piece tag applicator (i.e., UltraTagger® plus). Apply when flies, ticks or lice become a problem. Reapply as necessary up to two treatments per year. All animals in the herd should be tagged to avoid dilution of the treatment. To minimize development of insecticide resistance in horn flies, remove used tags at the end of the season and follow the recommended tag rotation program. Remove tags before slaughter.

STEP 1

Seat male button firmly on pin, press down and give a slight twist.

STEP 2

Place female tag firmly under clip. Collar on tag must be pointing away from pin.

STEP 3

Position applicator over ear and squeeze the handles together.

The ideal position for male stud is between the second and third radial cartilage as shown.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in cool, dark place away from sunlight in original container. Opened bags containing ear tags should be resealed for storage.

PESTICIDE DISPOSAL: Securely wrap used tags in a plastic bag or several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Offer for recycling (if available). Do not reuse bag. Discard bag in trash.

FIRST AID

This product contains abamectin, a macrocyclic lactone, and piperonyl butoxide, technical, a mixed-function oxidase inhibitor.

If swallowed

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-255-3924 for emergency medical treatment information.

GUARANTEE

*This guarantee is a limited guarantee, limited to the replacement of tags only, if the tags failed after being properly applied, to remain in the animal's ear for a five (5) month period due to tag breakage or separation from button.
