#### DIRECTIONS FOR USE

Provide one pound of Fresh Cow YMCP immediately after calving.

Free Choice Use: Mix 1 pound of Fresh Cow YMCP into 8-10 gallons of warm water. Allow cows to drink free choice.

Drench Use: Mix 1 pound of Fresh Cow YMCP in up to 5 gallons of warm water. Drench suspension slowly to permit swallowing or pump directly into rumen. Do not drench non-ambulatory cows or those that struggle excessively with fluids or pastes.

The use of the product for additional days following calving may be warranted at certain times. Consult your veterinarian or TechMix representative for questions.

**Scoop Enclosed:** Measures approximately 1/2 pound when level (25 lb, 40 lb, 50 lb).

TechMix LLC gives no warranty of merchantability or any other warranty which extends beyond the description on the label. In no event shall TechMix LLC be responsible for incidental or consequential damages. This product was made in a feed manufacturing facility that does not handle or store products containing animal proteins prohibited in ruminant feed.

**LIVESTOCK PRODUCT - KEEP OUT OF REACH OF CHILDREN**

**TechMix®**

**REDEFINING HYDRATION**

**SATISFACTION GUARANTEED**
