## L-LYSINE POWDER-PURE

### AHC

### ANIMED™

*It's all about the animals™*

GUARANTEED ANALYSIS (per ounce):

98.5% Lysine monohydrochloride

INGREDIENT:

L-Lysine

Keep tightly sealed and store in a dry place out of direct sunlight.

AniMed™ L-Lysine is a bioavailable source of the essential amino acid often missing from a horse's diet. Supplementing feed rations with AniMed™ L-Lysine can increase the quality and availability of protein in the diet, especially in grass and hay based diets, without a major increase in crude protein of the feed ration.

L-Lysine and protein deficiencies in mature horses may result in decreased feed intake, body tissue loss, poor hair coat, and reduced hoof growth. Young horses may result in decreased growth and development.

FEEDING DIRECTIONS:

For best results: Feed 1/2 ounce (1 tablespoon) or 1 ounce (2 tablespoons) per day as a top dress.

FOR ANIMAL USE ONLY. KEEP OUT OF THE REACH OF CHILDREN.

Manufactured by: AHC Products, INC, Winchester, KY 40391
