#### CAUTIONS:

- Safe use in pregnant horses or horses intended for breeding has not been proven.
- Consult with your Veterinarian before using this product in animals with clotting disorders, being treated with anticoagulant medications, with diabetes or any metabolic disorder causing hyperglycemia, with a history of urinary tract stones, with known allergies to shellfish, or in patients with gastrointestinal ulcers.
- If lameness worsens, discontinue use and consult your Veterinarian.
- Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset.

**For use in horses only.**

**Recommended to help support healthy joint function in the horse.**

#### DIRECTIONS FOR USE:

- For a 1000lb horse, give one level scoop (20cc or 12grams) once daily with food.
- A 20cc scoop is enclosed.

**WARNINGS:**

**Keep container closed when not in use.**

**Store in a cool, dry place away from direct sunlight.**

**Keep out of reach of children and animals.**

**In case of accidental overdose, consult a health professional immediately.**

**This product should not be given to animals intended for human consumption.**
