IMPORTANT - This chart does not provide a guarantee of shoe size conversion, it is merely a guide. Customers should call our store if they are unsure of their child's size conversion.

STEP \#1 - Trace your child's feet, having them stand up straight against a wall works best.

STEP \#2 - Measure from the longest toe to the heal, use the larger foot to decide size.

STEP \#3 - Use the chart provided to convert your measurements into either US or Euro shoe sizes.
