ABOUT VIBRANT PUBLISHERS

VIBRANT PUBLISHERS

Vibrant Publishers, USA is focused on presenting the best texts on technology, business and test preparation. This series of books is written by experienced placement experts, industry professionals, and subject matter experts with more than a decade of experience in their fields. The books, reference texts, and test prep material in the Self-Learning Management Series, Job Interview Questions Series, and Test Prep Series provide ample study and practice material in a simple and well organized format, helping students get closer to their dream universities.

ABOUT THE SERIES

The focus of the Test Prep Series is to make test preparation streamlined and fruitful for competitive exam aspirants. Students preparing for the entrance exams now have access to the most comprehensive series of prep guides for SAT®, ACT® and GRE® preparation. All the books in this series are thoroughly researched, frequently updated, and packed with relevant content that has been prepared by authors with more than a decade of experience in their fields.

AWARDS AND ENDORSEMENTS

Prompts are a really great tool for people to use to practice, and it is so nice to be able to practice from examples that are close to what I could see on the GRE.

- Readers' Favorite
GRE Analytical Writing Book - 1

This book is suitable for use with or without a tutor. By reading and practicing with this text, students will gain the tools and confidence to write a high scoring essay.

Write a perfect college essay to get into your dream college!

For most students, writing essays is the hardest part of applying to colleges. In this book, Dr. Weinstein shows students how they might not only do it well but even enjoy the process. The book begins with an introduction that describes what the main college essay entails and how it might be received by Admissions Counselors at various schools. It will teach you to brainstorm and choose a topic that represents you and your unique story, write a rough draft, and then polish it by dotting the i's and crossing the t's.

The book also includes chapters on the supplemental essays required by most colleges and universities and addresses various types of supplemental essay questions with samples. It also has a special chapter on the optional Covid-19 essay. Lastly, this book has a rich final chapter that gives 11 sample essays curated by the author as exemplary examples of good essays. All of these essay writers achieved entry into prestigious colleges.
