

To our valued clients, vendors and partners:

We are writing this letter to inform you about the recent merger of **FLA PTY LTD** and **ISS SHIPPING GROUP**.

We are very enthusiastic and positive about this merger as it is going to bring further growth opportunities for both companies. Not only will it make our company stronger but will also help us have a bigger market share. Moreover, the increased resources will help us perform better and deliver better products and services to all our customers.

FLA as well as ISS, have had a long-standing relationship through the friendship of Dario and Zoran and both are respected members of the freight industries. We are very excited when two strong players from the respective industries come together, they are certainly going to create a much stronger business and greater opportunities for all.

The merger will not change the existing names of the companies who will continue to trade as individual entities moving forward.

We assure that all the records of your company will be maintained properly and we will make sure that the merger is highly organised and there is no impact to our clients.

We are hopeful that you are also as excited as we are about the merger. There are various benefits that this merger is expected to bring to all of us. If you have any queries or doubts about this merger, please feel free to get in touch with us directly and we will be happy to help you.

Thank you for your support and we look forward to continued support in the future.

Best Regards,
