Organic cotton, handemberoidered: feel the embrace of the SEP Artist

The Al Quds pattern is inspired by a detail on the minbar in the Al Aqsa Mosque in Jerusalem (=Al Quds in Arabic)

Piazza Duomo, Milan

thousands of years of heritage: the SEP embroidered hoodie, unmatched luxury

Three base colors, 5 embroidery combinations , available in store only: Milan, Berlin, Geneva and Amman

My style is what I want to communicate via what I wear; for me it is essential to have my own style, rather than copy others, as that is how I affirm my identity as well as my unique creativity.

Being well dressed gives me satisfaction. The SEP hoodie makes me feel like I am truly myself, I love all the colors and patterns, but I chose to wear offwhite with blue&green AL QUDS pattern - above all I love the story behind this brand.

Mercatino del giovedi Near Piazza Diaz

I love this market near Duomo, I always find nice pre-loved pieces.

I felt comfy while donning the SEP hoodie, which gave me a sense of relaxation. It proved to be a stylish choice throughout the entire workday.

My style is casual, but I adapt according to situations. When I wear the SEP hoodie I feel the comfortable fit and cotton and I wish I could wear it every day!
