

## Studio Bundle

Your complete workstation for performance, creativity, ergonomics and portability.

Includes: 17 Pro, Charge, Stand Pro, Pen, Case, Creator and Jot

Australian designed and engineered

## What's included

### 17 Pro

The world's thinnest and most interactive portable display. Providing creative professionals, and high performers an unprecedented level of on-the-go productivity.

### Charge

Power your mobile workstation with confidence. Up to a day's work with laptop and display. Charge is customised to fit magnetically with the Stand Pro and the 17 Pro. A sturdy design. 32,000mAh/118.4Wh.

\*The espresso Charge will be shipped separately, please refer to FAQs.

### Stand Pro

Set your display at the perfect height and angle by attaching magnetically to the Stand Pro. A sturdy design that can adjust for writing or drawing at an 18-degree angle.

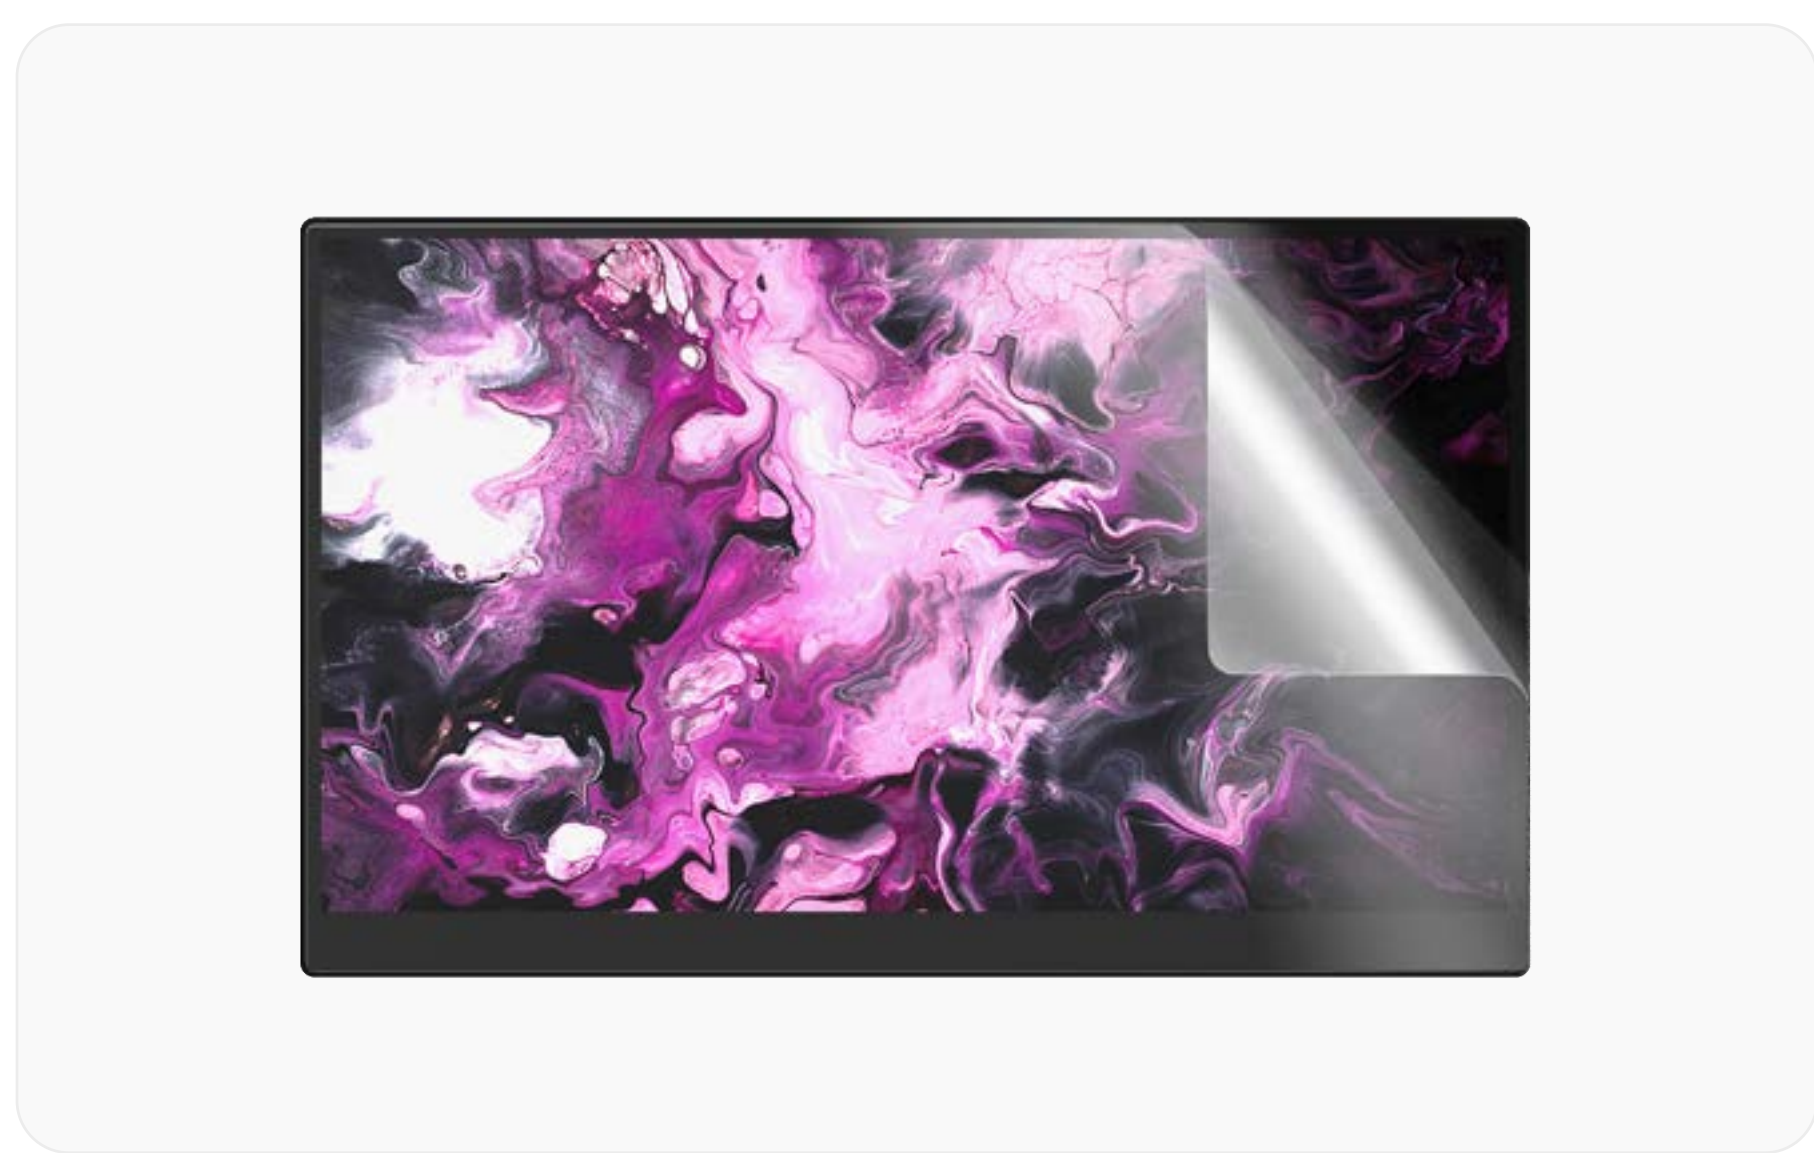

### Case

Portability and protection for your espresso 17 Pro. A microfiber case that attaches magnetically and can be used as a stand. A popular accessory to work anywhere.

### Pen

Unleash your creativity, writing, and annotations with a premium pen that has been calibrated for precise, smooth and seamless functions. Low-latency makes for a natural writing experience.

### Creator

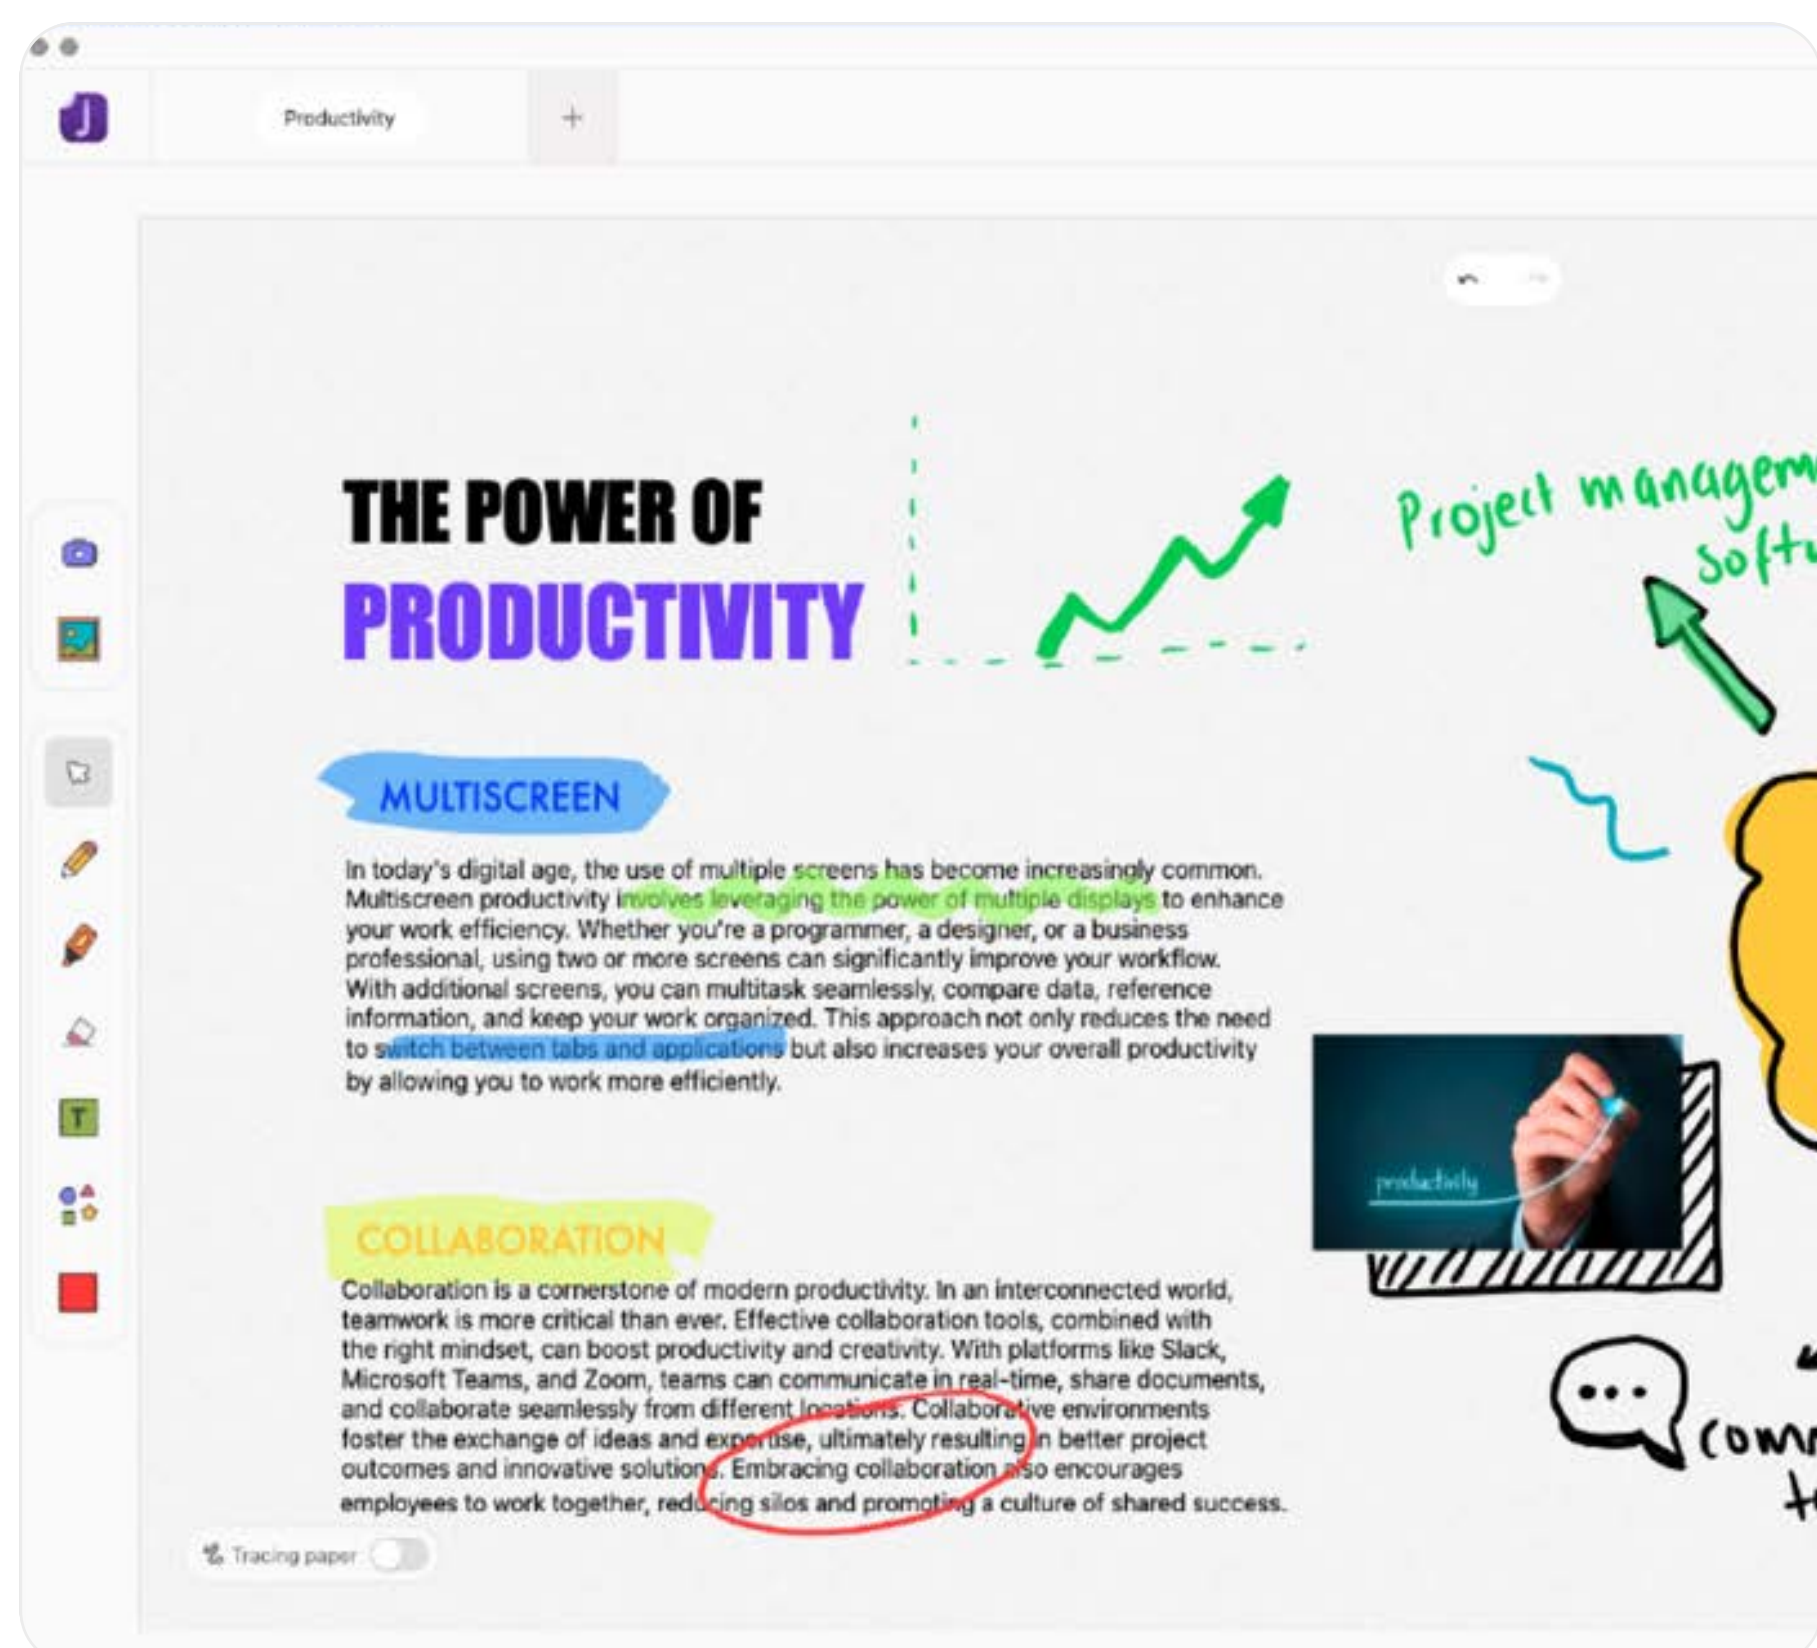

A paper-esque surface for your display. Make your espresso screen-space feel like its a paper notepad with Creator.

## One cable. It's that simple.

Compatible with 1000s of devices via a single USB-C connection (espresso cable included in box).

All day battery for your laptop and display with espressoCharge.

## Meet Jot

Jot by espresso, a new and simple way to take notes, sketch ideas, screenshot content, and provide written feedback - all with a click and movement of your pen.

- Scribe and translate
- Magic drop
- Screenshot and markup
