

NCR Advanced Back Office Store

Back-Office Software

Ready to take your customer service
to a whole new level?

YES

Feature-rich back-office software for independent grocers

NCR Advanced Back Office (ABO) is a feature-rich, back-office software application designed to help independent grocers quickly maximize productivity. The software is designed to be easy to learn, easy to use and easy to manage.

- **Empowers you to control your operations**

NCR ABO provides you with complete control of item-level data, giving you a new ability to control pricing, margins, categories and product assortment by using the latest technology available. By engaging in a “live” interaction with the point-of-sale (POS), the back-office software is capable of giving real-time inventory, movement and POS pricing. Interaction with warehouses and vendors is seamless, giving you the best tools to control pricing and ordering. This Microsoft® .NET Framework-based software is a complete in-store solution that includes wireless (mobile computer) maintenance, auditing, tag printing and direct store delivery (DSD) receiving.

For more information, visit www.ncr.com,
or email retail@ncr.com.

- **Easily integrates the systems you need**

Utilizing industry standards, ABO is developed with numerous interfaces to a multitude of other systems. This flexibility allows you to easily integrate with those systems to meet your business needs, which includes:

- NCR Advanced Checkout Solution (ACS) and most other grocery store POS software from other providers
- Wholesaler Host Interfaces including Associated Wholesale Grocers, Nash Finch, SUPERVALU® and Unified ULINK
- Sign packages such as RTI DESIGN-R-LABELS, Seagull Scientific BarTender® and Stylus® Insignia®
- Scale packages such as Invatron ePLUM Enterprise Scale Management
- Accounts Payable packages such as Intuit® QuickBooks®, Retailix RBX and Sage Peachtree®

Key Features

- Pricing
- Inventory
- Direct store delivery
- Reporting
- Price verifier kiosk
- Finance manager
- Hand-held price audit
