Foldable Hair Dryer

Model Code: EPC-101F

USER MANUAL

Important: Please read before use and keep this for future reference.

FEATURES:

- 1200W
- 2 Adjustable speed/temperature settings
- Cool air setting
- Narrow concentrator nozzle for focus airflow
- Foldable with hanging loop

SPECIFICATIONS:

- Voltage: 220-240 50/60Hz
- Motor: DC Motor
- Concentrator Nozzle: 20mm
- Cord length: 1.8m

HOW TO USE:

1. Connect the plug to a power supply socket.
 - For precise drying, attach the concentrator onto the appliance.
 - To disconnect the concentrator, gently pull it off the appliance.
2. Adjust the switch to ❄️ for cool airflow for gentle drying or to 🔥 for hot and strong airflow for fast drying.
3. Switch to 0 to switch off the appliance.

AFTER USE:

1. Switch off the appliance and unplug it.
2. Place it on a heat-resistant surface until it cools down.
3. Clean the appliance with a damp cloth.
4. Fold the appliance.
5. Keep it in a safe and dry place, free of dust.

IMPORTANT:

When using an electrical appliance, basic safety precautions should always be observed, including the following:

1. Before you plug the appliance, check that voltage indicated on the rating label corresponds to the main voltage in your home.
2. If the supply cord is damaged, it must be replaced by EUROO's authorized service center to avoid hazard.
3. When the appliance is used in a bathroom, unplug it after use since the proximity of water presents a hazard even when the appliance is switched off.
4. For additional protection, the installation of a residual current device (RCD) with a rated residual operating current not exceeding 30mA is advisable in the electrical circuit supplying the bathroom. Ask your electrician for advice.
5. Do not use this appliance near bathtubs, showers, basins, or other vessels containing water.

6. Do not use the appliance for any other purposes than those described in this instruction manual.
7. This appliance is not intended for use by a person (including children) with reduced physical, sensory or mental capabilities.
8. If however, the airflow is inadvertently obstructed during use, the built-in thermal safety cut-off will automatically switch off the appliance. The appliance will switch on again automatically after cooling down for a few minutes.
9. Keep your hair away from the immediate vicinity of the inlet opening to prevent it from being drawn in.

RECYCLING:

This symbol means that this product shall not be disposed of with normal household waste. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote sustainable re-use of material resources.
