IonicCare Hair Dryer

Model Code: EPC-2131HD

USER MANUAL

Important: Please read before use and keep this for future reference.

FEATURES:

- 1800W
- 2100W drying performance with only 1800W energy use
- 6 Adjustable speed/temperature settings
- Cool shot function
- Ionic conditioning for shiny and frizz-free hair
- Balance Heat Protection
- Overheat protection system
- Foldable with hanging loop; Ideal for travel use

SPECIFICATIONS:

- Voltage: 220-240 50/60Hz
- Wattage: 1800W
- Motor: DC Motor
- Concentrator Nozzle: 14mm
- Cord length: 1.8m

HOW TO USE:

1. Connect the plug to a power supply socket.
 - For precise drying, attach the concentrator onto the appliance.
 - To disconnect the concentrator, gently pull it off the appliance.
2. Adjust the left switch () to control the temperature [low, medium, and high] and right switch () to control the speed

[low and high setting).

3. Press the ❄️ button for the cool shot to set and finish your hairstyle.

4. Slide the switch to **0** to switch off the appliance.

AFTER USE:

1. Switch off the appliance and unplug it.

2. Place it on a heat-resistant surface until it cools down.

3. Clean the appliance with a damp cloth.

4. Fold the appliance.

5. Keep it in a safe and dry place, free of dust.

IMPORTANT:

When using an electrical appliance, basic safety precautions should always be observed, including the following:

1. Before you plug the appliance, check that voltage indicated on the rating label corresponds to the main voltage in your home.
2. If the supply cord is damaged, it must be replaced by EUROO's authorized service center to avoid hazard.
3. When the appliance is used in a bathroom, unplug it after use since the proximity of water presents a hazard even when the appliance is switched off.
4. For additional protection, the installation of a residual current device (RCD) with a rated

residual operating current not exceeding 30mAh is advisable in the electrical circuit supplying the bathroom. Ask your electrician for advice.

5. Do not use this appliance near bathtubs, showers, basins, or other vessels containing water.
6. Do not use the appliance for any other purposes than those described in this instruction manual.
7. This appliance is not intended for use by a person (including children) with reduced physical, sensory or mental capabilities.
8. If however, the airflow is inadvertently obstructed during use, the built-in thermal safety cut-off will automatically switch off the appliance. The appliance will switch on again automatically after cooling down for a few minutes.
9. Keep your hair away from the immediate vicinity of the inlet opening to prevent it from being drawn in.

RECYCLING:

This symbol means that this product shall not be disposed of with normal household waste. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote sustainable re-use of material resources.
