***Professor PODS our travelling scientist Pro
Is looking for a brand new place to go...***

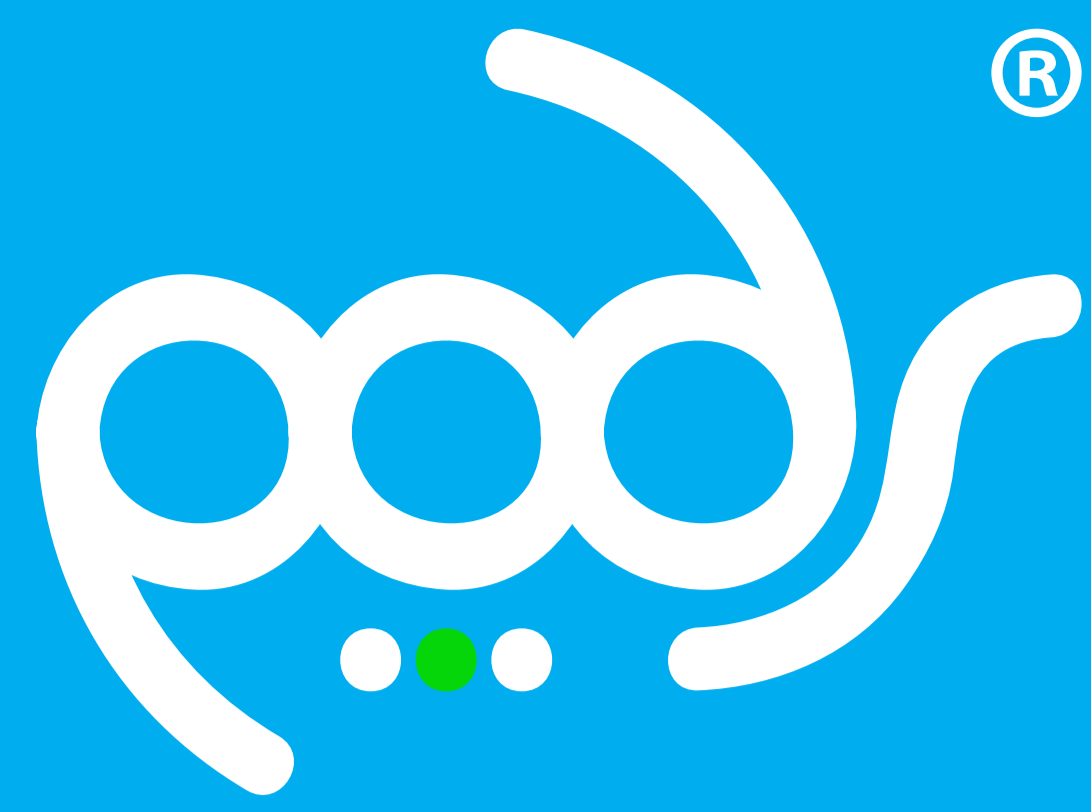

“I’ll call on Mrs Badger, she loves adventures
She might be in bed, asleep, without her dentures”
But alas, Mrs Badger was still awake
And super excited for the journey they’re about to take.

“Hatches closed, ignition fired, seat belts on, you know the drill”
Bursting into the sky, the air inside the POD begins to chill.
They throw on warm clothes, coats, hat & scarf
“Professor, what are those earmuffs? Are you having a laugh?”

Suddenly the POD crash lands, straight into a snowfield of trees
Jumping out, they both land in snow right up to their knees.
“Time to put on our designer snowshoes, real fashion goals!
They have cold stores in Antarctica, Alaska and the North Pole”

“Look, human footprints, but they’re not ours, it must be an Eskimo
I’d really love to meet one, grab a selfie or even a video”.
Over in the distance, a fishing rod and a hole in the ice caps
“Fancy a dip Mrs Badger?” As they hopped over the cracks and gaps.
