

# PRODUCT DEVELOPMENT INTERN

Location: New York, NY

## WHO WE ARE:

Banza is on a mission to make nutritious food more accessible. Our first product, a delicious pasta made from chickpeas, is the fastest growing pasta brand in the country. In just four years we've gone from an idea to a product in 11,000 stores, and today Banza is the #1 pasta brand in Whole Foods and Target. We've been named one of TIME's 25 Best Inventions of the year, appeared on The Today Show and Good Morning America, been in the New York Times, and most importantly, brought a better pasta to millions of happy customers. It's not just pasta; we recently launched chickpea mac & cheese and chickpea rice, which are transforming mealtimes across the country.

## YOUR MISSION:

As Banza grows, our product team is looking for a part-time intern to support product development activities. Your role is critical in helping the team make key decisions on new product formulation and monitor product quality. You must be highly organized to simultaneously support the multiple products in development. You must have a keen eye for product excellence and process improvement – when you see an imperfect noodle, you should be thinking of ways to understand how we can improve. You should excel in creating processes and strive for continuous improvement of Banza products and product development processes.

## WHAT YOU'LL DO:

- Execute daily cook tests in-office and process results
- Manage weekly product quality assessment, produce monthly quality reports for leadership
- Support benchtop formulation prototyping
- Manage in-office sample inventory
- Support execution of consumer research projects
- Other duties as assigned

## WHO YOU ARE:

- Pursuing Bachelor's degree in Food Science, Business Administration or another related degree required
- Previous work or internship experience in an office setting required
- Interest or experience in design thinking methodology
- Love Banza and cooking with health-focused ingredients
- Passion for engaging with customers and rapidly creating and testing prototypes that meet user needs
- Organized, curious, self-directed, thrives in ambiguity
- Local to NYC, able to support 20 hours per week during business hours

## TO APPLY:

Email [jobs@eatbanza.com](mailto:jobs@eatbanza.com) with subject "Application for Product Development Intern – [your name]" and include your resume, plus a cover letter describing why you want to join Banza and would be a great fit in this role.
