

**HOLD MONKEY MONEY MAKER  
AND EARN PASSIVE INCOME**

# WELCOME TO THE PARTY

The \$MMM (Monkey Money Maker) project is unique and offers token holders who exceed 1% of the total supply the opportunity to receive an automatic BNB reflection every hour. Top holders will also have the opportunity to receive other rewards throughout the project like NFTs.

Monkey Money Maker is also committed to donating a portion of the profits to Binance Charity, which helps humanitarian causes and fights against global inequality.

\$MMM aims to create a community close to investors and to develop the WEB 3.0 projects. The project must reward investors throughout the project, which is why we have set up an hourly reflection for \$MMM token holders.

# TOKENOMICS

## 5% BNB REFLECTION

5% of all transactions are automatically distributed to all wallets that hold more than 1% (10'000'000'000 tokens) of the token supply in proportion to the percentage of the total supply they hold

## 2% CHARITY

2% of all transactions are distributed on Binance Charity to support humanitarian causes and fight against inequality in the world

## 3% AUTO LIQUIDITY

3% of all transaction are automatically put into the liquidity pool to maintain the price, the liquidity pool is also locked for a period of 1 year for peace of mind for holders

## 2% DEVELOPMENT

2% of all transactions are invested in development and marketing, with advertising, listings and influencers placements, allowing for continued growth

# SUPPLY

TEAM

50'000'000'000

LP HOLDING

950'000'000'000

TOTAL SUPPLY

1'000'000'000'000

# FAIR LAUNCH

It's a fair launch, no one except the team working on the project will have access to the tokens before the launch, so that everyone is on the same footing and no dumps on the people who buy at launch

Initial liquidity will be locked for a minimum of 12 months to provide holders with peace of mind that the token can always be exchanged. A trust 3rd party, Deeplock will operate as the middle man to ensure that all raised liquidity is locked in a secure that all raised liquidity is locked in a secure locker for the full timeframe

# BNB REFLECTION

When you buy and hold \$MMM, every 60 minutes you will automatically receive BNB in your wallet (5% of all transaction are stored and redistribute automatically according to the percentage of the supply you hold), no action is required, keep in mind that the holder needs 1% of the total supply (10'000'000'000 tokens) to benefit from the hourly reflection

More supply you and have more there are volume transactions, more you earn!

# DECENTRALIZED EXCHANGE
