## SELF-CLEANING FUNCTION

Self-Cleaning Technology allows the engine to run in the opposite direction for 15 seconds. This feature keeps your T Light Pro blow dryer clean of any dust or residue. Allows better performance and extends dryer's life.

*Refer to the instruction manual and follow the simple steps to use this feature.*

## SMART DRY TECHNOLOGY

Our **Smart Dry Technology** combines the-state-of-the-art components, such as an ionic generator and ultra-powerful motor, reducing drying time up to 2.5 X compared to traditional dryers.

## NEGATIVE ION GENERATOR

Your T Light Pro blow dryer has a built-in negative ion generator. Ionic technology has the benefits of eliminated static electricity and seal the cuticle to give your hair incredible shine.

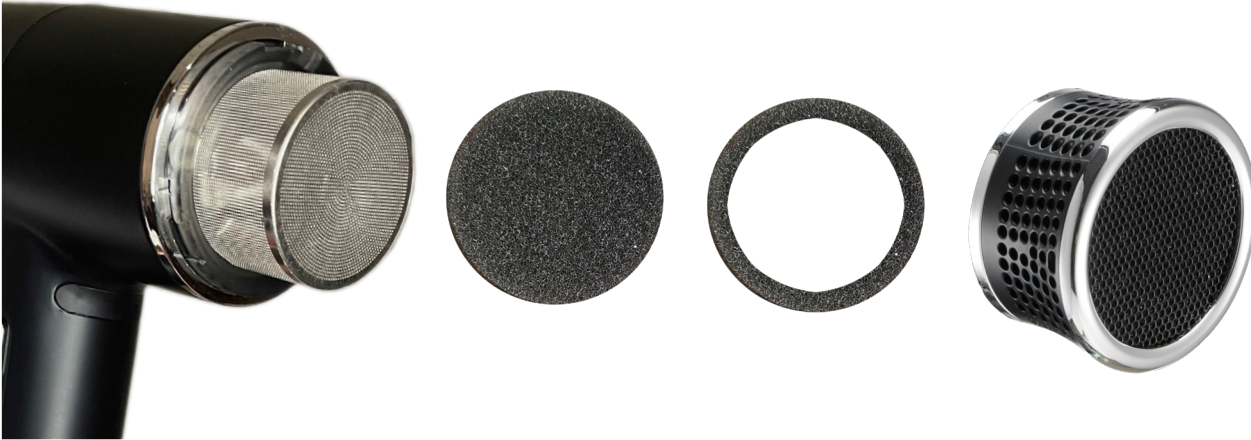

## MEMORY FUNCTION

Your T Light Pro blow dryer has a memory card inside and keep your last settings in memory for next use.
