Game Setup

1. Set out the game board, cards, die, wedges, and movers.
2. Each player selects a mover and places it in the game board center.
3. Now you're ready to play! Roll the die to see who goes first.

ON YOUR TURN

1. Roll the die and move the number of spaces indicated. You may move in any direction. If you land on a "Roll again", roll and move again.
2. The player to your left reads aloud the question that matches the category you landed on.
 - a. If you answer correctly and you are not on a wedge space, take another turn.
 - b. If you answer correctly and you are on a wedge space, you collect that color wedge and take another turn. If you already have that wedge, play continues as if it were not a wedge space.
 - c. If you answer incorrectly, it's the next player's turn.

HOW TO WIN

1. Once you've collected all six wedges, roll and move to the center space.
2. You must land on it exactly.
3. The other players choose your final category.
4. Answer the question correctly to win.
5. If you answer incorrectly, you may try again on your next turn. You do not need to roll and move again once you are in the center.

QUICK PLAY

Collect a wedge any time you answer a question correctly—not just on wedge spaces.

Special thanks to Chip Carter and Reeban Bari for writing the questions and answers to this game.
