

EPSON AMERICA, INC.
LIMITED WARRANTY

What is Covered: Epson America, Inc. (“Epson”) warrants to the first end user customer of the Epson product covered by this limited warranty statement that the product, if purchased and used in the United States or Canada, conforms to the manufacturer’s specifications and will be free from defects in workmanship and materials for a period of one (1) year from the date of original purchase. Epson warrants that the Epson product is manufactured from new components and parts, or from like-new components and parts which perform like new and meet the Epson standard of quality. For warranty service, you must provide proof of the date of original purchase. Epson also warrants that any consumables, if enclosed with the product, will perform to the manufacturer’s specified usage, which usage may expire before the expiration of the one year limited warranty.

What Epson Will Do To Correct Problems: Should your Epson product prove defective during the warranty period, please bring the product, securely packaged in its original container or an equivalent, along with proof of the date of original purchase, to your Epson Dealer or Epson Authorized Servicer. Epson will, at its option, repair or replace on an exchange basis the defective unit, without charge for parts or labor. When warranty service involves the exchange of the product or of a part, the item replaced becomes Epson property. The exchanged product or part may be new or previously repaired to the Epson standard of quality. Exchange or replacement products or parts assume the remaining warranty period of the product covered by this limited warranty.

Exchange products to replace units that require service will use Epson standard configurations with factory-set switches, jumpers and operating systems. Customer data and applications cannot be restored and should be backed up by the customer.
